

# ADOPT WARTIME PROHIBITION MEASURE

## SENATE TAKES STEP TO CONSERVE FOOD

### Approves Amendment Forbidding Grain or Cereals in Making Liquor

### ONLY BRIEF SPEECHES

Senate Also Throws Out Administration Press Censorship Section

### CAUSED BITTER FIGHT

WASHINGTON, May 12.—The first legislative step toward conservation of the nation's food resources and a long advance toward an absolutely dry United States was taken tonight by the senate in approving 38 to 22 an amendment to the administration espionage bill forbidding during the war the use of cereals or grain in the manufacture of intoxicating liquor.

### Throw Out Censorship

By a majority of one vote the senate also threw out of the bill the administration's press censorship section and then voted overwhelmingly not to put in a modified section, as was done in the house.

The prohibition amendment was adopted under a rule limiting debate and there were only brief speeches on each side. Just before the senate had voted down, 47 to 25, a proposal to forbid sale of intoxicants during the war. Another opportunity to vote upon the prohibition amendment will be offered when the senate takes the bill with the amendment from the committee of the whole, but opponents of the prohibitory provision are not confident that they will be able to overturn today's action.

Elimination of the press censorship section ended a long and bitter fight. The vote was 39 to 38. Opportunity will come also for another vote on this section, and the administration is expected to make an effort to have the senate reverse itself.

### Text of Prohibition Section

"That on and after September, 1917, during the period of the war with the imperial German government it shall be unlawful to use or employ, directly or indirectly any cereal, grain, sugar or syrup in the production of intoxicating liquor in any form or of any kind; provided that nothing in this section shall prevent the use of sugar or syrup in the manufacture of wines as now authorized by existing law; provided further that this section shall not be construed to make unlawful the manufacture of alcohol or intoxicating liquor for industrial, mechanical, medicinal, sacramental or scientific purposes under rules and regulations to be established by the secretary of the treasury.

"A violation of this section shall be punished by a fine of not more than \$5,000 or imprisonment for not more than three years, or both."

### Sherman Votes for Proposal

Senators who voted for the amendment included Cummins and Kenyon of Iowa and Sherman of Illinois. Senator Lewis of Illinois voted against the amendment.

An amendment by Senator Grona prohibiting the use of grains and other necessities of life in the manufacture of beverage alcohol was beaten 46 to 24. Another by Senator Weeks to permit use of grains and cereals in the manufacture of alcohol used in the manufacture of tobacco was beaten 39 to 37.

There was much discussion of the constitutionality of the Cummins amendment. Those in favor of the amendment emphasized the fact that the allies need every bushel of grain they can find to carry on the war.

Discussion of the censorship and prohibition sections prevented a final vote on the bill. It will be taken up again Monday.

## WRECK DESTROYS EIGHT CARS OF OIL

BLOOMINGTON, Ind., May 12.—Eight cars of oil were destroyed with a loss of \$100,000 when an east-bound freight train on the Cleveland, Cincinnati, Chicago & St. Louis railroad, was wrecked four miles west of this city today. The wreck was caused by a broken journal on one of the cars according to railroad men.

The tracks were torn up for several hundred yards and a small bridge was destroyed.

## FIND NO TRACE OF MEN

Annapolis, Md., May 12.—No trace had been found today of John Avery of Colorado Springs, Colo., Stanley Robinson, of Hillsboro, Ohio, and Edward L. Goff of Davenport, Ia., students at Severn Park, near here, who have been missing since yesterday. They are believed to have been drowned.

## ATTACK TAX SCHEDULES OF WAR REVENUE BILL

### Business Men in Many Lines Flock To Hearings

Condemn Bill as Unjust, Discriminatory and Likely to Result in Suspension of Many Smaller Business Houses and Severe Loss to Others.

Washington, May 12.—The war time tax schedules of the \$1,800,000,000 revenue bill were attacked as threatening the life of many industries by a score of witnesses today before the senate finance committee and were defended by house leaders during debate on the other side of the capitol as absolutely necessary to preserve the life of the nation.

Manufacturers, jobbers and retailers in many lines touched by the levies flocked to the senate committee hearings to protest. Among them were high officials of some of the country's leading industrial concerns. Almost without exception they condemned the house bill as unjust, discriminatory and likely to result in the suspension of many of the smaller business houses and severe losses to the others. The third day of debate in the house brought further protests from members and many suggestions that the heavier increases be modified and other levies substituted. There was an apparent lessening of interest, however, and Democratic Leader Kitchin said tonight he hoped to close general debate Monday night and bring the bill to a vote not later than Thursday.

Representative Rainey of Illinois, ranking Democratic member of the ways and means committee took up most of the time today defending the measure. The increases in second class postage rates were attacked from many quarters and Mr. Rainey said the committee simply was trying to get back part of the annual loss which the government sustains thru carrying newspapers and periodicals thru the mails at one cent a pound.

"Those of us who drew up this bill knew that the life of the nation is in danger," said Mr. Rainey.

### TEN MILLION WILL BE SUBJECT TO DRAFT

WASHINGTON, May 12.—Ten million men in the United States will be subject to the selective conscription act of July 1, within the ages agreed upon in the conference report on the war army bill, Director Rogers of the Census Bureau announced today. This number of men between the ages of 21 and 30 inclusive represents very nearly ten percent of the total estimated population of between 103,000,000 and 104,000,000 on July 1, 1917.

Of these conscription eligibles the bureau estimates New York State will have 1,968,000; Pennsylvania 874,000; Illinois 639,500; Ohio 494,300 and Texas 420,000.

### WILL TAKE CENSUS OF ILLINOIS FARMS

CHICAGO, May 12.—C. T. Clayton, Washington, D. C., special representative of the department of labor, is in Chicago today to start a census of Illinois farms, so the department of labor may find laboring men for them. He is also engaged in assisting General George W. Goethals in obtaining men to work in the ship yards of both coasts where the new wooden fleet is to be constructed to combat the submarine menace.

Mr. Clayton in connection with the nationwide investigation of farm needs, is to start the organization in Illinois of boys as part of the "boys" working reserve, which will send boys to farms to help take care of the increased crops. Boys from all parts of the United States between the ages of 16 and 21 are being organized.

### TWELVE HUNDRED ANSWER REVEILLE

Fort Sheridan, Ill., May 12.—About twelve hundred candidates for commissions in the United States army officers' reserve corps answered reveille at the training camp here today. Another thousand was expected before night. The men from Illinois, Wisconsin and Michigan were being assigned to companies as rapidly as they arrive preparatory to the formal opening of the camp next Tuesday.

### ONE DEAD IN AUTO ACCIDENT

Marshalltown, Ia., May 12.—Gladys Rubenbauer, 19 years old of LaGrand was instantly killed and three other young residents of Minneapolis were injured when an automobile in which they were riding collided with a calf on a road near their homes last night. The injured are: Ivan Harrison, Elmo Sharp and Helen Mills, all 17 years old. Miss Rubenbauer's skull was fractured.

### HOLLWEG TO SPEAK ON GERMANY'S WAR AIMS

AMSTERDAM, May 12.—via London.—Chancellor Von Bethmann-Hollweg will deliver his speech in the reichstag on Germany's war aims next Tuesday according to semi-official advices from Berlin today.

The Koelnische Volks Zeitung states that the chancellor who is now at German headquarters will return to Berlin tomorrow, "bringing with him proofs of the emperor's entire confidence."

## TRIBUNE AND HERALD RAISE SUNDAY PRICE

CHICAGO, May 12.—The Chicago Sunday Tribune announced tonight that its retail price outside of Chicago and its suburbs will be increased from five to eight cents a copy beginning May 20. Announcement was made several days ago that the price of the Chicago Daily Tribune would be increased to two cents in the territory where it has been selling for one cent beginning May 14.

The Chicago Sunday Herald announced also tonight that on May 20 it would increase its retail price from 5 cents to 8 cents outside Chicago and suburbs. The increased cost of white print paper and other materials also was given as the reason.

## CABLE MESSAGE TO GERMAN SOCIALISTS

### Asserts Democracy Will Continue Fight Against Germany

American Socialists Declare the Democratic Peoples of the World Will Be Compelled to Continue the War Until the Kaiser and Kaiserism are Overthrown.

New York, May 12.—A message from a number of leading American Socialists was cabled to the Socialists of Germany today saying democracy of the world over would continue to fight against Germany until the Hohenzollerns were overthrown. The message was sent to Socialists in Stockholm, Copenhagen, The Hague and Bern with a request that its text be forwarded to German Socialists.

The signers were Charles Edward Russell, a member of the commission appointed by President Wilson to go to Russia; J. G. Phelps, Stokes Winfield Gaylord, Robert Rives LaMonte, A. M. Simons, Upton Sinclair, Henry L. Stobed, chairman of the New York State Socialist committee, Ross Pastor Stokes and William English Walling.

"The democratic peoples of the world now in league against the Kaiser and Kaiserism will be compelled to continue their war against Germany and her autocratic allies until the Kaiser and Kaiserism are overthrown," the message reads in part.

"The rest of the world realizes, whether the German people realize or not, that liberty in Germany and peace in the world must remain a sham as long as the Hohenzollerns and their supporters retain any real power.

### Prestige Must Be Broken.

"But whether Germany prefers a republic or a constitutional monarchy, the Hohenzollern's tradition and prestige must not only be reformed, it must be broken. The Kaiser himself claims that Kaiserism is to be democratized and thus strengthened in its fight against the other nations.

It will be difficult, if not impossible to convince the democracies of the world that a reformed Kaiserism is anything else than an effort on the Hohenzollerns to make the German people more willing tools of their foreign policy.

The war is an early end. The Kaiser must go."

### WANTS FARMERS TO RAISE FISH

WASHINGTON, May 12.—Secretary Redfield wants every farmer to have a pond and raise fish. "Why shouldn't a farmer raise fish as well as chickens," asked the secretary today discussing means to increase the national supply of food. "Given proper fresh water supply and reasonable space for a pond an astonishing quantity may be had in two or three years."

### ONE THOUSAND REPORT

Fort Snelling, Minn., May 12.—Approximately 1,000 prospective officers for the United States war army reached Fort Snelling today and a large force of medical examiners were busy all afternoon and evening putting the men thru the final physical test.

### ART CLUB MEETS

Ladies' West Side Art Club met Friday afternoon with Mrs. F. C. Moore and Miss Madeline Moore. "Child Welfare" was under discussion by members of the club. Miss Clemma Harold gave an interesting journalistic report. Refreshments were served by the hostesses. The club adjourned to meet May 25th with Mrs. Hattie Robinson.

### FRANKLIN BACCALAUREATE

The graduating class of Franklin High school will hear the baccalaureate sermon this forenoon at the Methodist church. The address will be given by the Rev. J. N. Jerman, pastor of the church. The commencement exercises will be held Friday evening in Olinger's hall.

### FUNERAL NOTICE

Funeral services for Frank Malory will be held from Mt. Emory Baptist church this afternoon at 3 o'clock in charge of the pastor the Rev. E. L. Scroggs.

### NOTICE

The Drama League calls attention to the three one-act plays given by the Dramatic Club at Illinois Woman's College, Tuesday evening, May 15.

## WHEAT MOVES UP DESPITE ACTION

### Both July and September Deliveries Make Startling Jumps

### MOVE OF BOARD FAILS

Traders Ask One Another What Measure Will Be Taken to Check Advance

### MUST TAKE SOME ACTION

CHICAGO, May 12.—At the close of a day such as the Chicago Board of Trade never saw before, traders were asking one another what measures would be taken, if any, to check the sensational upward flight of wheat prices. And in other markets, Minneapolis, Kansas City, St. Louis and lesser bourses, the same query was being put. There was no answer save in the resolutions of such bodies as the Illinois Council of Defense which urged congress to take rigid control of the whole food and basic commodity situation.

### Move Fails Signally

May wheat was legislated out of existence by the board of directors here as a "patriotic duty" and because its skyrocketing course might inspire a runaway market. As an arrester of advances the move failed signally. At the opening prices for July and September options hesitated a few cents below the previous close. The strip of blackboard where May wheat ordinarily was quoted was blank, but in a short time the adjoining columns began to boom. When the closing gong sounded at noon July had shown a net rise of 22 1/2 to 25 1/2, with final figures ranging from \$2.73 to \$2.75 and September an even more startling jump of 26 to 29 cents with last sales varying from \$2.44 to \$2.46.

The course of the market was best visualized in the big smoking room of the board where quotations from the markets of the world as well as those of the home market are posted. In front of the section devoted to wheat a roving young man in gray alpaca coat, in great sweeping numbers was marking up the prices. There were those watching the blackboard who saw more in the figures than the cold record of the law of supply and demand. To them it told the story of a stricken world's demand for bread, the cry of desperation from ruined cities and the wasted farms of Europe, the plea of emaciated children and the savage food-lust of soldiers.

The imperturbable person in the gray alpaca pursued the even tenor of his way.

"Two fifty five," he wrote; then "2.57, 2.60, 2.63 1/2," and presently at the summit of the wave "2.75" or 25 1/2 cents higher than yesterday.

### Goes "Up Like a Shriek"

"It went up like a shriek," remarked one spectator. It was something like that and the shriek came from the shorts.

In the massive trading room the brokers and their clerks were clamoring for wheat which was not for sale. Higher and still higher went their bids, but those with wheat were inclined to sell it and there were few who would take a chance even at the top, of selling short, as it is termed when a trader sells something he has not for future delivery, hoping that the future will enable him to buy in at a lower price than that at which he sold at the apex, before delivery day comes round.

Prices continued their ascent until the shorts had "covered" and taken their losses, probably very heavy in many cases.

A question much handed about was whether, if control of speculation in May was a good thing why similar action might not apply with equal benefit to more deferred futures. President Joseph Griffin of the board said no such action was contemplated at present as, in the opinion of many, wheat of the new crop would begin to arrive by July.

He was in constant touch with Washington, he said, and with the United States district attorney here. What part the federal government played in the board's action is not known.

### Must Take Some Action

That some action must be taken had become increasingly apparent to the trade. President Griffin went to Washington to confer with Secretary Houston. Upon his return he talked with the United States district attorney. Allen G. Anderson, vice-chairman of the British food commission, came here and a secret conference was held with the board of trade leaders at an exclusive club last Thursday. At this meeting it developed that agents for the allies have been "long" of wheat as much as 21,000,000 bushels at one time, in various markets. They are at

## OWNERS ADOPT POLICY OF WATCHFUL WAITING

NEW YORK, May 12.—After a three hour conference here today the National League club owners decided to adopt a policy of watchful waiting before attempting to grapple with any of the new problems resulting from the war and adverse weather.

The magnates discussed the proposed war tax, the drafting of players for the army, a later opening of the season, violation of the water rules, better telegraph facilities for the reporting of games and a proposition to reduce the club rosters but no definite action was taken upon any of these subjects.

## PRESIDENT SPEAKS AT RED CROSS DEDICATION

### States Struggle "Means Grim Business on Every Side of It"

Executive Asserts War Will Wipe Out Any Lines Either of Race or Association Cutting Apathetic the Great Body of the Nation

Washington, May 12.—President Wilson said in a public address here today that the struggle against Germany "means grim business on every side of it" but that America had put its heart into the task and would respond as a united nation to the call to service.

Speaking at the dedication of a Red Cross memorial for the women of the Civil War, the president predicted that the present struggle not only would obliterate the last division between the north and south, but would wipe out "any lines either of race or association cutting athwart the great body of the nation."

This new union he said would result from a common suffering and sacrifice of the unselfish cause of freedom and democracy.

"We look for no profit," he said, "we will accept no advantage out of this war. We go because we believe the very principles upon which the American republic was founded are now at stake and must be vindicated."

Former President Taft introduced Mr. Wilson as the nation's leader in the greatest war in history, "a war whose sacrifices we cannot realize." The building a handsome \$300,000 structure built by the government was dedicated to both the women of the north and south.

### May Mean Great Suffering

Mr. Wilson declared that altho the United States had gone into the war "with no special grievance of our own," the cost might be suffering and sacrifices of such magnitude that those of the Civil War would be infinitesimal. To the end, the best use he made of aid to alleviate conditions, he urged that all philanthropic work be directed thru organized channels such as the Red Cross.

Senator Williams of Mississippi spoke on "The Women of the South" and the Rev. Horace Percy Silver, chaplain of the West Point military academy on "The Women of the North."

### Secretary Lansing and Secretary Daniels and several foreign diplomats also were present.

After the exercises, which were held in the daughters of the American Revolution building the president and Mr. Taft reviewed about a thousand members of the "woman volunteer aid corps," led by Mrs. Hugh L. Scott, Mrs. Newton D. Baker, and Mrs. Josephina Daniels, vice-chairman.

### WEATHER FORECAST FOR COMING WEEK

WASHINGTON, May 12.—Weather predictions for the week beginning Sunday, May 13, issued by the weather bureau today follow:

Region of the Great Lakes: Cool weather at the beginning of the week followed by rising temperature Tuesday and Wednesday and normal temperature thereafter. Generally fair except that local rains are probable, Wednesday or Thursday.

Main states and upper and middle Mississippi Valley normal temperature probable. Generally fair except that local rains probable on Tuesday and Wednesday.

### TAFT'S SON ENLISTS

Washington, May 12.—Charles P. Taft, the nineteen year old son of former President Taft has enlisted as a private in the artillery. Taft is under legal age and it was necessary for him to obtain consent of his parents.

present said to be big owners of spot wheat—that is actual wheat—such as one might buy at a feed store. There is no disposition to accuse them of speculation. They needed the cereal more than they needed money and they had to bid against American millers for a crop which was short the world over. America had to bid to keep her own wheat and prices soared. With these immense purchases for delivery the allies in time found they could not provide ships to transport it to the hungry ones at home. They sold their options on a market which had advanced enormously and contracted for more distant futures in the hope that the shipping situation would improve. Their unsought profits were said to have run well into the millions.

## ADOPTS PROVISION FOR VOLUNTEER DIVISION

### House Reverses Previous Action on Army Draft Bill

Action Sends Measure Back to Conference, but Quick Agreement is Expected—Roosevelt Could Lead Division if President Authorized It

Washington, May 12.—The way was cleared in congress today for Colonel Roosevelt, if he is given authorization by the administration, to raise a division of volunteers for service in France.

Reversing its previous action and overriding the conference committee on the army draft bill, the house voted 215 to 178 to empower the president to extend authority for recruiting such a division. This sent the army bill back to conference, but the senate already had adopted a similar authorization during original consideration of the measure and its conferees are expected to agree quickly to it now.

### General Staff Opposes Plan

Whether the necessary authority will be given Colonel Roosevelt by the administration is problematical. The army general staff is strongly opposed to such a plan, declaring that volunteer units of that character have no place in the great war army.

The house voted the authorization after a stormy debate. Representative Anthony led the fight for the colonel. Chairman Dent of the Military committee and many other Democrats and Republicans fought against the proposal. Forty five Democrats and four independents were among those who voted for it, and there were thirty Republican votes against it.

When the action of the house was reported to the senate, Chairman Chamberlain of the military committee withdrew the conference report for revision and announced that the conferees would meet Monday. The bill with the amendment included is expected to receive final conference approval without delay and go to the president for his signature by the middle of the week.

### Roosevelt Delighted

Oyster Bay, N. Y., May 12.—Colonel Theodore Roosevelt made no secret tonight of his delight at the action of the house, but he refused to discuss at length his plans for putting a military force in the field until his authorization to do so becomes official.

"I am deeply grateful at what the house has done," Colonel Roosevelt said, "I feel they have taken a step which is immensely wise and patriotic towards enabling us to utilize an element in the country we would otherwise not utilize at all. This will enable a mixed force of regulars and volunteers to be put to the front during the time necessary for training the great army raised under selective draft."

"I am particularly pleased with the support of Jimmy Gallivan, the Democratic congressman from Boston and the old Harvard second baseman."

### IPAVIA MAN HEADS STATE GRAIN DEALERS

SPRINGFIELD, Ill., May 12.—J. H. McCune of Ipavia was elected president of the Illinois Grain Dealers association at their closing session here this afternoon. Other officers follow:

Vice-president—E. E. Schultz, Beardstown.

Secretary—E. B. Hitchcock, Decatur.

Treasurer—William Murray, Champaign.

Directors for two years—B. P. Hill, Freeport; E. M. Wayne, Delavan; Victor Deven, Warrensburg; U. J. Sinclair, Ashland; B. L. Christy, Viola; for one year, C. F. Scholer, Farmer City, and F. G. Homer, Lawrenceville.

The next meeting place will be chosen at the winter meeting. In resolutions the association pledged its "whole-hearted support" to both state and nation in the war, and authorized the appointment of a committee to offer Governor Lowden any possible co-operation with reference to marketing or handling grain.

### FARMERS LIVE LONGEST

Washington, May 12.—Bookkeepers and office assistants die youngest and farmers die oldest, according to a bureau of labor statistics report issued today, based on an analysis of deaths recorded by a life insurance company between 191 and 1913. The average age of death among bookkeepers and clerks was 36 years and among farmers 58 years.

## NEW ENGLAND PAYS HOMAGE TO JOFFRE

### Marshal Applauded Continuously From Arrival Until Departure

### LEAVES FOR CANADA

Canada Extends Viviani Unprecedented Honor of Addressing Its Parliament

### BALFOUR IN NEW YORK

BOSTON, May 12.—New England paid homage to the hero of the Marne today. From the moment Marshal Joffre stepped from his train at the north station on his arrival from New York this morning until he left for Canada tonight he was applauded continuously. The crowds headed by the frequent showers, acclamations and cheering, accompanied him one of the most enthusiastic greetings ever given a popular idol in this city. On historic Boston Common he received from Little Mary Curley, daughter of the mayor, a parchment announcing that thru the marshal the school children of Massachusetts and the citizens of Boston and New England desired to present a sum for the care of the children whose fathers have died in France. This sum tonight totalled \$175,000 with thousands still pouring in.

### Receives Honorary Degree

At Harvard University General Joffre was invested by President Lowell with the honorary degree of doctor of laws.

The university had voted to confer a similar degree on Rene Viviani, but the head of the French mission had been called to Canada and as the degree could only be conferred in person, it was automatically withdrawn.

Harvard however, was not content with bestowing merely academic honors. The student body waited for General Joffre in Memorial Hall and as the marshal's sturdy figure was sighted on a balcony a blonde young giant leaped from the ranks of the undergraduates and led them in a "regular cheer for Joffre"—nine long Harvards with three rings—"Joffres" on the end. In a brief speech Marshal Joffre called attention to the uniforms worn by members of Harvard regiment and said he hoped to meet the young men soon in France.

### Strain of Tour Apparent

The strain of the week's tour was apparent on the marshal's face today. He asked for half an hour's rest before facing the assembly of 100,000 persons on Boston Common, where the gift for the orphans of France was presented. The neighboring city of Cambridge also was in the welcome. At the city hall Mayor Wendell D. Rockwood's little daughter, Jeanette, presented Marshal Joffre with a purse of gold for the fatherless children of France from the school children of the city. A silk flag, the gift of the school teachers, was given him by the young daughter of Professor L. J. A. Mercier of Harvard who was himself a participant in the battle of the Somme. The marshal picked up both children and kissed them and saluted the four thousand other children who came for him the Marcellaise and The Star Spangled Banner.

At the state banquet, Governor McCall, General Clarence R. Edwards, commander of the newly created northeastern military district, Mayor Curley and other state, city, and military dignitaries joined in a welcome to the French visitors.

### Viviani Addresses Parliament

Ottawa, Ont., May 11.—Canada in officially welcoming Rene Viviani, minister of justice of France and head of the French war mission to America, today extended to him the unprecedented honor of addressing its parliament. Later by a cheering vote of the members it was ordered that his speech "so full of heart and fire," be preserved in the dominion's records. Altho there were smaller crowds here than in New York and other large cities of the United States, Canada's reception was no less sincere. Members of both houses of parliament, many of whom have sons at the front, cheered enthusiastically and joined in singing the Marcellaise and God Save the King.

### Plaudits Dispel Doubts

New York, May 12.—The climax of the British war commission's two day visit to this city came this afternoon when Foreign minister Arthur Balfour declared any doubts some of his colleagues may have had as to the sincerity of their welcome to the United States had been finally dispelled by the plaudits of hundreds of thousands of New Yorkers who have greeted them since their arrival here.

FROM MR. HAROLD J. JOHNSON

This is the most important theatrical announcement I have ever made during my long career as a manager in this city. I have just contracted with Messrs. William Elliott, F. Ray Crampton and Morris Gest to bring their magnificent production of "Experience," the most wonderful play in America to Jacksonville Tuesday night, May 22.

"Experience" is, without doubt, the greatest success of this day and generation. It ran for nine months in New York, five months in Boston, seven months in Chicago and five months in Philadelphia. In every community where "Experience" is presented it always receives the enthusiastic indorsement of the clergy of all creeds and denominations.

"Experience" is a modern morality comedy drama by George V. Hobart, telling in ten vivid and powerful scenes the temptation confronting Youth—the average young man—going forth into the world to seek fame and fortune.

"Experience" is properly called "the most wonderful play in America." I know of my own knowledge that this play has been a sensation elsewhere. I am sure it will arouse enormous interest here. It is the biggest show I have booked in ten years. I don't believe another one as big will come along in the next ten years. I am proud and happy to be able to bring "Experience" to the theatre goers of this city, and am especially glad to announce that the famous New York-Boston "Experience" organization, with a cast of 82 notable players, comes here direct from nine months in New York and five months in Boston, and is considered by the critics the greatest "Experience" company ever assembled. Remember, "Experience" is not a moving picture, but the successful spoken comedy drama of this generation.

HAROLD J. JOHNSON,  
Manager Grand Theatre.

## STRIKING RESEMBLANCE.

Jacksonville people are often impressed by the striking resemblance between Major General Hugh Scott, of the U. S. army, and Dr. F. S. Hayden of this city, at least as indicated by the recent newspaper portraits of Gen. Scott. It is not too much to say that while the Jacksonville minister and educator is not as prominent in military life as the general, he is just as enthusiastic an American patriot and friend of the allies.

## WHY NOT EXTEND BOARD ORDER

Since the Chicago board of trade stopped speculation in May wheat the consumer is wondering why similar action could not be taken with reference to futures. The inefficiency of the board's action so far as the public is concerned was shown yesterday when the price on futures made the remarkable advance of 23 cents or more per bushel. It is said to be a case of representatives of foreign governments bidding against the millers and manufacturers of the U. S. If this is the case, why stop action which is not benefit producers, is injuring consumers and merely putting profits in the pockets of those who have acquired great wheat holdings.

## LOOKS BAD FOR LIQUOR

It is too early to predict action of congress prohibiting the use of grains in the manufacture of liquors during the period of the war, but indications for such action are favorable. The best "straw" was seen in the action of the senate yesterday in providing an amendment to the espionage bill to this effect. This was done by a vote of 58 to 32. Some prohibitory measures were defeated but on this proposal so vital to the food supply of the country, favorable action was taken. Senator Sherman voted in favor of the prohibitory provision and Senator Lewis against it.

The vote of the senate in cutting out the censorship feature of the espionage bill will win the approval of newspapers throughout the country generally. Censorship is especially repugnant to the people of a free republic and especially at this time seems to smack too much of the monarchical methods of Europe.

## TAKE A DAY OFF

The public mind has been excited and obsessed in reading and thinking of the various phases of the present world war ever since that conflict began. This condition has greatly increased during the past few months.

Men's minds have been filled with heretofore unheard of barbarous schemes, with heard-rendering sorrows and atrocities. And in many cases men have come to the verge of mental collapse, overwhelmed with these thoughts. Mankind in these war times has seen the most unbrotherly things ever enacted since

the dawn of time, and has witnessed killing and maiming of children, insults to women, the grossest unkindness to the aged and infirm.

These things have become too continuous to contemplate without injury, unless we occasionally "take a day off" and let the mind dwell upon other themes. Why not therefore make this Sabbath day one of real mind rest and seek the healing which the Prince of Peace can bestow if we turn prayerfully toward the better things of His kingdom. The composure of mind and soul thus resulting will better fit us for the experiences which may come later.

## JOFFRE TRUE TO FRENCH CONDITIONS

The French are proverbial for their pleasant manner and cheerfulness. These are national characteristics and they have not disappeared in these days of stress and terror. Just now we have had a visit from the Atlantic to the Missouri, from the Ohio to Boston, of representatives of the French people. They have met our people by the thousands and millions and, it is said, have been delighted to observe the friendly spirit of Americans and the evidence of appreciation of what Frenchmen did for us in the earlier days of our history.

It is safe to say that the greatest impression made on the people by Marshal Joffre is by his smiling, beautiful manner. This great hero of the French has a smile—an amiableness of expression almost constantly on his face, and those who have seen him daily during his visit to the U. S. declare that the expression is always there save when tears of emotion are chasing the smiles away.

The general idea of a foreign war hero has been a man of iron visage, with knit brows and a look of stern defiance always upon his face. Marshal Joffre is true to the history and the character of his people and his face teaches a lesson and is an inspiration.

## Saving the Stars

The bugle has sounded the call to the wars, and boys have answered, are answering now. Again there is calling, to help save the Stars. For men who will wield the hoe and the plow.

There's thousands of acres to till and to sow,  
For food must be furnished 'midst war's dread alarms;  
Enlist then for soldiers to handle the hoe  
All lads who are willing to work on the farms.

Altho you are longing to go to the wars  
And fight for the colors that over you gleam,  
Remember, my boys, defending the Stars,  
Is doing your best tho lowly it seems.

And if in the conflict you may not bear arms,  
Nor face the mad foe midst the lilies of France,  
Remember, my lads, there is work on the farms  
In wielding the hoe instead of the lance.

And when in the future our country shall call  
Her noble defenders her wreaths to bestow,  
On all them alike the honor shall fall,  
The men of the army, and men of the hoe.

Then here's to the soldier who goes to the wars,  
To fight for the colors 'neath blue foreign skies;  
And here's to the hero who helps save the Stars,  
By doing the duty that nearest him lies.

—S. A. Hughes.

## MOTHERS AND FATHERS IN THE WAR.

We have not seen thus far a more heart touching, truthful word picture of what war means to fathers and mothers than that which appeared in the Globe-Democrat under the caption above.

"If men must war, women must weep, and there must be sounds of moaning. But what a fine picture of human nature at its best was that told in the Globe-Democrat's news columns Friday morning in a report of the departure of the first group of young St. Louisans, applicants for the Officers' Reserve Corps, for Fort Riley. 'Tears were restrained until the heavy pulsing of the engine announced the first creeping motion of departure. Then many mothers and sweethearts sobbed bitterly. The restraint of the mothers was pathetic. They stood at the windows of the cars clasping the hands of their sons until the last minute, holding the lump in the throat that the boys might depart with the good cheer bursting from hundreds of throats as their last recollection of home. Then as the train pulled out, mothers, sisters, and sweethearts buried their faces in handkerchiefs or sought the comfort of stronger masculine breasts, for many fathers were there, too.

"Because men must war women must weep. It is a part of woman's sacrifice at such times to hide the sorrow of parting, that the soldier she is giving to his and her country may go forward buoyant and cheerful, feeling that those who love him most take such a pride in his valorous ambitions that he must not disappoint their high expectations, which should not be dashed with tears. But while men must war and women must weep, there must ever be a 'moaning.' It was even so in ancient Sparta, we may be sure. History has a habit of showing, in strongest relief only the heroic, or very unheroic, facts in a nation's life. So it drops a veil after showing us the Spartan mothers bidding their sons speed to the field, and not

to return but as victors, or dead on their shields. But who doubts that after the phalanx had marched away, the Spartan mother was a woman again? Not even the tyranny of a Lycurgus could have reached so far as to change the nature of woman-kind in the expression of its affections.

"The 'stronger masculine breasts' which became the haven of tear-wet faces as the soldiers rode away, is worthy of a passing notice in this connection. In war, as in peace, father must take second place to mother in everything pertaining to parental love. Yet it is well known that the deepest feeling in father's nature is that of love for his children. If we could see a roster of all the men who have silently died of grief for sons lost in battle, we should find that regiments of men thrust every foe. There was Perry, of the lakes, who could whip his weight in snakes; his career a record makes proud and high; Dewey sailed Manila Bay, and his seamen heard him say, 'From the foe we'll knock the way, or we'll die.' Since this nation had its birth all the countries of the earth knew the character and worth of our ships; knew the fighters of our fleet never would command retreat, never would admit defeat or eclipse. Once again they sail the brine, with a purpose high and fine, to dispute the 'right divine' of Red Bill; of a slayer who has dyed Europe's landscape, far and wide with men's blood, who takes a pride in his kill. Harder, fiercer will they fight, now that they defend the right 'gainst the crazy butcher's might, on the wave; so we send these hero souls where the mystic ocean rolls; write their names upon the scrolls of the brave.

## Rippling Rhymes By WALT MASON

### Our Navy.

In his leaking wooden boat, Jones, the hero, got the goat, of the strangest ship afloat, long ago; Lawrence and Decatur, too, on the wide and heaving blue, sent a thrill of panic thru every foe. There was Perry, of the lakes, who could whip his weight in snakes; his career a record makes proud and high; Dewey sailed Manila Bay, and his seamen heard him say, 'From the foe we'll knock the way, or we'll die.' Since this nation had its birth all the countries of the earth knew the character and worth of our ships; knew the fighters of our fleet never would command retreat, never would admit defeat or eclipse. Once again they sail the brine, with a purpose high and fine, to dispute the 'right divine' of Red Bill; of a slayer who has dyed Europe's landscape, far and wide with men's blood, who takes a pride in his kill. Harder, fiercer will they fight, now that they defend the right 'gainst the crazy butcher's might, on the wave; so we send these hero souls where the mystic ocean rolls; write their names upon the scrolls of the brave.

## FIFTH GRADE PUPILS GIVE "MOTHERS' PROGRAM"

A mothers' day program was given by the fifth grade pupils of Miss Florence Fox Friday afternoon at Lafayette school, with a large number of visitors in attendance. Noteworthy features of the afternoon were the dramatization of Scott's Lochinvar by the pupils and an account of the visit of the French party to the state capitol building by Miss Fox, the teacher. Miss Nellie F. Self favored the company with a group of three, singing "My Shadow," "His Buttons are Marked O. S." and "No Use Kickin'." Miss Self was accompanied by Miss Dorothy Hittie, who gave as a solo number an arrangement of the Sextette

# The HIGH COST of KEEPING CLEAN—The Latest

(By International Leased Wire.)  
Chicago, May 9.—Now comes the increase cost of keeping clean. Housewives were informed today by retail grocers that all soaps and washing powders would be advanced shortly to meet the 20 per cent increase put into effect by manufacturers. Officials of a big soap manufacturing company explained that all material used in making soaps cost 300 per cent more now than last year. The 5 cent cake of laundry soap soon will retail at 6 cents and fancy toilet soaps will be advanced still further.

## ILLINOIS COLLEGE GIRLS PRESENT DANEDLION FETE

Pageant of Spring Scores Gratifying Success on Illinois Campus Saturday Afternoon—Goodly Sum Cleared for Benefit of Woman's Fund.

Fully four hundred people assembled on Illinois college campus Saturday afternoon to witness one of the prettiest pageants ever given in Jacksonville. The Dandelion Fete was presented under the auspices of the Girls' Association of Illinois college and the success of the pageant was due to the unerring industry of the woman students.

The location of the stage, placed as it was at the eastern side of the campus, was an innovation which added much to the natural beauty of the scene. The green, white and yellow of the fairy costumes combined with the more resplendent hues of the dress of king, queen and courtiers gave to the pageant the charm of bold and dashing color. Especially graceful were the chorus dances, which were for the most part given by grade school students of the city under the direction of girls of the college. Members of the Conservatory orchestra furnished music throughout the program.

The story of the fete was written by Mrs. Frances Humphrey of Virginia, mother of Harold Humphrey, a senior student. Miss Winifred Kates of Bloomington was general stage director, tho the greater part of this work was done by her assistant, Miss Dorothy Scott of the college faculty. It was estimated that a sum of more than fifty dollars would be cleared for benefit of the woman's fund, which looks toward the securing of a building for all girls' activities of Illinois college.

Following is the management of the fete:

General chairman—Ruth Weyand. Music—Miss Carrie Dunlap. Chairman of Costumes—Mrs. T. P. Carter.

Chairman of Properties—Clara Bell Vohling. Chairman of Publicity—Meta Gummshelmer.

Chairman of Refreshments—Miriam Russell. Chairman Ticket committee—Helen Taylor.

From the first appearance of "Frost Fairies" and their dispersal by the Herald of Spring, the audience followed the story with pleased attention. Miss Grace McLaughlin as the Dandelion queen and Miss Mary Alexander as the Dandelion fairy both did their parts with graceful art. The song of spring by Miss Elinor Russell charmed all by its sweetness. Dessaut Ames made a good Jack Frost, clever and full of life. William Berryman as the king and Worthington Adams the Herald did their parts well.

Owing to a necessary postponement of the fete on two occasions, the promoters feared somewhat for the success of the undertaking. The assembling of the crowd Saturday afternoon proved these fears to be groundless and all were pleased with the entertainment provided, so novel and full of beauty.

The management feel very grateful to all who assisted them in any way.

## WITH THE SICK

G. Howard McCullough of Riggs is confined to his home by illness.

Floyd Watt, who underwent an operation for appendicitis recently at Passavant hospital, is improving nicely.

Mrs. Melinda Pierson of the Old Peoples' Home is at Passavant hospital where she went to take treatment for an injured shoulder. Mrs. Pierson fell while at the home. X-ray examination will be necessary to determine whether the injury was a fracture or a dislocation only.

J. H. Davenport is somewhat improved in condition, according to word from Passavant hospital, where he is a patient. Mr. Davenport was taken ill while visiting his son in Chicago and brought back to Jacksonville for treatment.

Helen Magill of South Clay avenue is confined to her bed by an attack of measles.

Miss Adele Heintz who has been seriously ill for a number of weeks is reported decidedly improving; the recovery is slow.

## MORTUARY

Death came to Mrs. Newton Wright Saturday evening at 7:25 o'clock after an illness of a week's duration with pneumonia. Mrs. Wright, who since the death of her husband nine years ago, has made her home in Franklin, was visiting at the home of her son, Burley Wright, south of Franklin, when she suffered the attack of illness which proved the last. Mrs. Wright was a woman well beloved for her many good qualities of soul and character. Her passing will be the occasion of keenest sorrow on the part of all who have ever known her. Mrs. Wright's maiden name was Henrietta Seymour. She was born sixty-three years ago on the old Seymour homestead and the Franklin community has always been her home.

The funeral will be held Monday afternoon at 2 o'clock at the M. E. church in Franklin. Burial will be made in Franklin cemetery.

## KEEP BUSINESS GOING FOR OUR COUNTRY'S SAKE

(John Wannamaker's Viewpoint)

Our country prosperous can pay our war costs as they come, and have enough left over to aid our Allies.

Our country unprosperous, with business halting, money hoarded, through fear of false economy, will be hard pressed to keep food on the table and clothing on the back.

### "Keep Business Going"

is a patriotic slogan. Keep money in circulation. Keep employment for everybody. Keep wages good. Keep on making money that we may have money to spend for war sacrifices.

The worst thing that could happen to the world these days would be a business depression in our United States.

War in itself does not cause business depression.

The billions of dollars of money to be expended in war preparations will be put into circulation in our own country and this in itself will create new wealth for use in the world-struggle for humanity.

The one thing that might halt business now is an unpatriotic psychological feeling of panic and a false idea of patriotic economy.

### Patriotic Economy.

Patriotic economy means the elimination of waste and extravagance. It means the conservation of our food products, our natural wealth, our health, our energies, our labor, our very lives. It means putting more efficiency in everything we do so that each unit of money, energy and intelligence may accomplish the utmost.

Patriotic economy does not mean the lowering of America's standard of living, which would make us less efficient physically and mentally, nationally and individually, and would kill the spirit and the will to do the truly self-sacrificing things to be done.

Cities and communities must go on with their civic improvements, road building and public works must proceed. Railroads must renew their equipment. Factories must be kept going to their full capacity. Labor must be employed. Homes must be kept up. Merchandise must be produced, distributed and used. War duties and war expenditures must be in addition to peace duties and peace expenditures. The more we do the more we can do. The more money we spend the more we will have in our pockets to spend. Money creates money.

In a word: The natural sane life of the country must proceed as though we were not at war, in order that we may have the necessary prosperity to promote the war to a quick and successful conclusion.

President Wilson sounds the keynote in this sentence. "It is evident to every thinking man that our industries, on the farm, in the ship-yards, in the mines, in the factories, must be made more prolific and more efficient."

Our industries can be made more prolific only if the people buy and use the merchandise produced by our industries. Manufacturing slackens when business slackens. Manufacturing grows in a prolific way when business grows. And business can grow and remain healthful only when the people buy and keep money in circulation.

### Business is Going—Strong.

Business is going in the East, the West, the North, the South. The country is prosperous. Last month's increase in business was very large. Banks may wait in their operations until the government bonds are assimilated. People may pause temporarily in their outfitting to arrange to meet the new conditions. But the unloosig of billions of dollars will unloose a flow of prosperity absolutely necessary to sustain the world's burden.

Governments set the pace in their expenditures.

Individuals must not lag behind. Seven billions of dollars to pay is only \$70 per capita in the United States. Yet seven billions of dollars put into work at 6 per cent—a fair estimate of the producing power of money—will create 420 millions of new wealth.

The income tax we pay will not be a tax on prosperity, but a spur to prosperity. Every dollar the individual pays out will come back to him with interest in the general prosperity of the people.

KEEP BUSINESS GOING—FOR OUR COUNTRY'S SAKE. WAR CANNOT BE WAGED AND WON WITHOUT THE SINEWS OF WAR.

## SOCIAL EVENTS

### Sorosis Members on

### Annual Picnic

Members of Sorosis, in keeping with an annual custom, brought the year's program to a close Saturday with an outing at Fairview, the home of Mrs. T. J. Pitner. An enjoyable feature of the afternoon was a talk on birds by Miss Jackson, of Chicago, following which a time was spent in observation of bird life as found in the trees of the garden and lawn.

Another feature of the program was the distribution of small and dainty packages of tea by Mrs. P. C. Thompson, chairman of the program committee. This tea was brought by Mrs. Thompson from a tea garden in South America, and the presentation was particularly appropriate as the club has just closed the study of "The Latin-American Republics."

In addition to active members the company included the following honorary members and guests: Mrs. Myers, Miss Jackson, Chicago; Miss Dresser, Springfield; Mrs. Wallen, Philadelphia, Pa.; Mrs. Doan, Miami, Fla.; and Mrs. George Lenington, this city.

### Fortnightly Club

### Has Enjoyable Outing

Members of the Fortnightly club had an enjoyable outing Saturday, when they went in automobiles to spend the day at the country home of Mrs. J. Franklin Brown. The trip had been planned for a number of previous dates but unfavorable weather interfered each time. Saturday, however, was all that could be asked from a weather standpoint, and the hours were spent in true picnic style.

## COACH W. T. HARMON TO ENTER SERVICE

Illinois College Coach Has Word That He Passed the Examination for Entrance Into Ft. Sheridan Camp With High Mark.

Coach W. T. Harmon of Illinois college expects to leave Monday for Chicago to enter the officers' training camp at Ft. Sheridan. Mr. Harmon took the examination Thursday and his qualifications and previous experience gave him a place in class A. He was informed that his summons to the camp would be forthcoming immediately and Saturday was making all preparations to leave on Monday.

The spring athletics were abolished a short time ago in favor of military drill and the question of next year's program is left in doubt. Provision has been made however for the resuming of athletic activity next fall in case the national crisis is past. Should war continue there is little probability that college athletics of a non-military nature would be taken up. The managers of football are making schedules with the understanding that they are subject to cancellation should the war continue.

**Athletic Officers Nominated**  
At a meeting of the athletic council of Illinois college Saturday evening officers of the athletic association and managers for the various branches were placed in nomination as follows:

President—Elmer Lukeman and Everett Whisler.  
Vice president—Elyce Whisler and Raymond Wallace.

Student members of the athletic council—Oscar Zink, Clyde Land and Beecher Dinning, two to be elected.  
Alumni member—Ralph I. Dunlap, '03.

Faculty member—Prof. P. F. Whisler.

The second faculty member is selected by the faculty of the college and the other alumni member is selected by the alumni association at the annual meeting commencement week.

Nominations for the managerships were made as follows: Herman Helms, track; Karl Hill, basketball; Everett Whisler, baseball; Harry Pierce, tennis. These four men have served in the capacity of assistant manager of the respective sports during the year. Having received the approval of the athletic council they now become managers for next year without further action.

To fill the vacancies in the assistant managerships, these men were nominated: basketball, Elmer Gaylord and Earl Smoot; baseball, Harold Swain and Smith Gill; track, Estelle Wells and Wayne Stead; tennis, James Capps and Ralph Baker. The football manager and his assistant are elected at the close of the season. Ralph Newell is the manager and Hobart Carmichael, the assistant.

### Y. M. C. A. COMMITTEE VISITED NEARBY TOWNS

Work Organized in Waverly and  
Mercedos—Goodly Sum of \$2200  
Raised at Griggsville.

The committee which is directing the work of securing funds for the international Y. M. C. A. is busy each day with some special expedition into nearby territory. Friday night a committee visited Waverly to

organize the work and Saturday night Mercedos was the objective point. A mass meeting has been planned for Winchester Tuesday night, when Rev. M. L. Pontius will be the principal speaker. Reports from Beardstown yesterday were to the effect that enthusiasm had reached such a point that a tent is to be erected in the square, where the committee in charge of the subscription work will have quarters. Pike county is not in this district but in Griggsville one night recently a mass meeting was held and the subscriptions raised amounted to \$1800. Personal solicitation made that fund later \$2200. The committee has the feeling that there would be little trouble in raising the desired sum when the people recognize the importance of the war work which the Y. M. C. A. is doing. There is a very strong appeal to patriotism in the plans which have been outlined and many people who have been at a loss to know just what they could do to aid the government at this time are finding in the Y. M. C. A. effort an opportunity to place money where they know it will accomplish great good and will at the same time forward the interests of their country. The committee which visited Waverly Friday night included H. J. Rodgers, W. J. Brady, Thomas Hopper and J. S. Findley. The committee also organized there is made up as follows: Wilson Smith, chairman; Rev. W. J. Campbell, Baptist church; Rev. Francis E. Smith, Methodist church; Rev. W. T. Mathis, Southern Methodist church; Rev. S. C. Schaffer, Congregational church; Rev. Mr. Metzler, Christian church.

The committee at the Mercedos meeting was W. J. Brady, Carl H. Weber, H. J. Rodgers and J. S. Findley. At the Mercedos conference last night considerable interest was manifested and a committee was appointed to prosecute the work. This committee includes Mayor J. E. Beauchamp, F. W. Deppie, Henry Berger, Charles James and C. P. Madrick.

### COLLEGE CLUB PLANS TO BREAKFAST MAY 26

The Jacksonville College Club will give a breakfast at its initial meeting Saturday, May 26, at Peacecock Inn. The club is fortunate in having secured as a speaker for the occasion Mrs. Wilson, who with her husband, an American physician, has been working in the Red Cross field in France. Mrs. Wilson will speak on "What American Women are Doing for France." The College Club begins its activities with a membership of between 50 and 70 women living in Jacksonville and vicinity, and representing a number of different colleges and universities. While here Mrs. Wilson will be the guest of her friend, Miss Louise Capps.

## BILLY SUNDAY'S MEMORY PLAYS HIM NO TRICKS

Famous Evangelist Gave Cordial Welcome in New York to F. E. Farrell and A. M. Masters—Recalls Jacksonville Meeting—Big Tabernacle Meetings Draw Nightly Audiences of 15,000—Money Made in New York.

Felix E. Farrell and Arthur M. Masters, who have just returned from a business visit in the east, had the opportunity while away of attendance at the Billy Sunday revival meeting in New York City. The success of the famous evangelist's New York campaign has surprised even his greatest admirers and has astounded his critics. The Jacksonville men were given most favorable seats on the platform by means of a pass issued to "F. E. Farrell, personal friend of Mr. Sunday." This pass ticket was signed by E. E. Honeywell, secretary to Mr. Sunday, and had the notation "Bring to Sunday row."

Sunday Recalls Local Men. It was during the Sunday meetings here nine years ago that Mr. Farrell came to be a great admirer of the evangelist and it will be remembered that a few months afterward Mr. Farrell and a party of Jacksonville men drove thru to Ottumwa, Iowa, to attend several sessions of the revival services in progress there. That trip was made in Mr. Farrell's "Red Devil" car and it is characteristic of the evangelist that early in his conversation with Mr. Farrell at the close of the New York meeting that he asked, "How is the Red Devil?" It was in this car that he made a number of afternoon trips to the country round about Jacksonville. The remarkable readiness with which Mr. Sunday recalled Jacksonville names and places impressed both Mr. Farrell and Mr. Masters, for he had hardly greeted them before he began rapid fire questions about "Captain Smith, Charley Barnes, Bob Hockenbush, M. F. Dunlap, Frank Byrns, Bert Bancroft and other men he met in the course of the revival campaign here.

### 15,000 Silent People.

Talking about the revival and the visit with Mr. Sunday, Mr. Farrell said yesterday, "It is certainly a wonderful picture to see 15,000 people assembled in one building. The spectacle was very much the same as in Jacksonville only on a much larger scale. There is a great choir of a thousand members with two grand pianos on the platform and the music is one of the most inspiring features of the services. When Mr. Sunday came to the platform he was not in good voice and asked the audience to be as quiet as possible. That request was certainly heeded, for you could have heard a pin drop in that great assemblage. The very silence was impressive, and as the evangelist 'warmed' to his task one could read in the faces of the audience how they were being impressed.

"No second chance, based upon the text, 'Behold now is the accepted time, now is the day of salvation,' was his theme that night and the evangelist pictured a real old-fashioned hell with a brimstone lake, sure-enough devil and certain retribution for the guilty, and as one of the New York papers had it the next morning, 'It was a bad night for the devil. Head down and fists swinging, like a fighter at close quarters, the evangelist poked the sturdy one about his pinewood pulpit for the larger part of his sermon.' The paper also used this excerpt: Religion, childbirth, old age and death are all old-fashioned and so is hell. When you die you will crumble to dust in the old-fashioned way. If you are lost you go to the old-fashioned hell."

A Thrust at Doubtters. "The New York papers are devoting a vast amount of space to the revival and of course they pick out the most picturesque language of the evangelist and the features of the service. At the service we attended Mr. Sunday in talking about the doubters in New York said 'Well, they doubted Noah. Noah said there was going to be a flood and they kept sneering at him all the time he was pounding the sides of his old ark. All right, God turned on the hose just the same.' It is such illustrations and sentences as these that the newspapers seize on and one of them the next morning used this reference to Noah in the headlines."

Both Mr. Farrell and Mr. Masters said the most impressive part of the service, even more so than when 1,500 people hit the sawdust trail, was the brief prayer at the close of her sermon. She evangelist in his intense personal way talked with Heaven. "Well, Jesus," he said, "I don't know any more to say or any more to do. Couldn't you come down here just a little while or send one of the angels down? I wish you would send one down to tell them. I don't know the A. B. C. of what to tell this great crowd how God loves them, and say, God, tell them so they'll say 'I'm a big chump to go against God like this.' It was that type of prayer which on many occasions has made some of the Sunday auditors hold their breath and others voice displeasure because of his seeming familiarity with God.

A day or two after their arrival in New York Mr. Farrell telephoned to the house where the Sunday party is staying and talked to Mrs. Sunday, who invited him to come out to the tabernacle and left the mass mentioned. The evangelist did not speak to his Jacksonville visitors until after the service had closed and following the customary rubdown that he takes. As soon as his eyes rested on them he advanced quickly, gave the cordial "Sunday" greetings, asking about a number of Jacksonville people and

referring to various incidents of his stay here.

Marvelous Organization Work. Mr. Farrell in talking of the meeting expressed his surprise at the kind of people which made up the great audience. There were girls from the fashionable Constock school, men and women from the Union Dime Savings bank, U. S. Steel Products company and other big corporations. Before the service began Mr. Sunday's assistant would call out, "According to my understanding there is a delegation here tonight from the Union Dime Savings bank" (or whatever delegation he had in mind). Then these delegations would rise and the roll call showed six or seven of such bodies present, and preference as to hymns were followed. The effect was to show the marvelous work of organization. It is upon organization that the Sunday revivals depend very largely for their success, and a meeting in a great metropolis like New York simply means a great amplification of the plan followed in smaller cities years ago, now modernized and brought down to date.

The Jacksonville men have returned home with renewed admiration for Billy Sunday and the visit to his big New York tabernacle was the most interesting event in their eastern trip.

Money Made in New York. According to Mr. Farrell's observation, the people in New York are lagged in the matter of enlistment. The percentage of enlistments thus far has been much smaller than in other states. There seems to be a money-mad spirit prevalent, the Jacksonville man said, and men young and old are imbued with the idea that this is the greatest time for money making the world has ever seen, and they want above all things to reap a harvest of dollars. Prices are advancing steadily in the metropolis. All the theatres have raised their rates and in the cases with theatrical and musical features a charge of 50c or \$1 is made for each seat at the tables in addition to the orders given. It is noticeable too, that prices on the bills of fare have greatly increased and are changing in an upward way from day to day.

### A JACKSONVILLE MAN'S OPINION OF "EXPERIENCE"

"Experience," which comes to the Grand Opera House May 22, is probably the most talked of theatrical attraction which has visited Jacksonville in years. A well known Jacksonville business man said yesterday that he thought the Journal could do a real service by urging attendance upon this play. "It will do a vast amount of good to the young men of Jacksonville," he said. "If they go to the opera house and see this very remarkable play it has been called 'the most wonderful play in American and has broken all records for attendance in New York, Boston, Chicago and Philadelphia. In this comedy drama the author, George V. Hobart, takes the universal experience of mankind, the struggles, the sins, the temptations, the elements which persuade man for right or for wrong. As one of the critics has stated, 'He has poured the exhilarating fluid of everyday happenings into the vessels of everybody's understanding and has brought home with singular effectiveness the story of the adventures of the average young man when he leaves home and goes out into the great world to make a name and a place for himself. So the Jacksonville man, who is a church man and a man of affairs, is hoping that the Jacksonville audience will have a large sprinkling of young men who, he feels, will certainly be benefitted by witnessing this great morality play."

### COHAGEN FUNERAL HELD AT WINCHESTER

G. A. R. Paid Honors to Fallen Comrade — News Notes From Scott County

Winchester, May 12—The funeral of Samuel Cohagen took place Saturday afternoon at 2:30 o'clock from the family residence, with Rev. C. W. Caskey in charge of the services. Music was furnished by a quartet consisting of Mrs. Carl Neat, Miss Grace Thompson, S. G. Smith and C. W. Smith. The bearers were John Hopper, William Tuke, James Young, Henry Daniels, S. W. Peak and Thomas Summers. The deceased was a member of the G. A. R. and members of the order attended in a body and had charge of the services at the grave.

Mrs. Frank Skirvin of Labelle, Mo., is visiting at the home of Mrs. David Hainsworth.

Ralph Overton left Saturday for Chicago. He has enlisted for army service and will take training at the Ft. Sheridan camp.

Mrs. E. J. Frost and daughter Louise, Misses Hillsabeck and Floy Nelson and Robert Frost were Jacksonville visitors Saturday, making the trip in the Frost car.

The Eastern Star had a special meeting Friday evening and initiated two members, Mrs. William Watts and Miss Frances Coultas. After completion of the work refreshments were served.

### I. C. STUDENT WRITES OF JEFFERSON BARRACKS

Process of Getting Into Uniform Described—Boys Were Glad to Have Had Training Under Major Vickery—Commends Y. M. C. A. Work.

An interesting account of the life of "rookies" at Jefferson Barracks, Mo., occurs in a letter received here from Fred W. Bray, who with three other Illinois college men, Floyd Lashmet, Robert Foster and Earl Rogers, is quartered there temporarily for training preparatory to entrance into the medical corps. "We have seen several from Jacksonville since arrival," mentions Mr. Bray. "Among them were Layton McGhee, Russell Pinkerton, Mark Hunt, William Peters and others." The writer mentions the facilities afforded by the Y. M. C. A. headquarters. "Here we can write letters, play the piano, read, sing, etc. Across the street from us is William Kitcher, who is in the engineering department. We met Ellsworth Black, and some of his university friends today. They were on a sight-seeing trip.

**Getting Into Uniform.**  
It usually takes three or four days to get thru the process of getting into a uniform, but thru the influence of a Springfield man in the receiving office who knew some Illinois college athletes, we got thru in record time. We arrived Monday night, were examined Tuesday morning, measured for uniforms Tuesday afternoon and got our equipment on Wednesday morning.

Everything is done on a large scale. All privates are fed at the "mess-hall." Yesterday they fed 5,000 people at noon. Almost every new man has to serve one day in the mess-house. We four fellows were called yesterday to serve, but Floyd and I had to have our hats exchanged—they were too small—and thus we escaped the honor. Foster and Rogers did nobly. I wish some of you people could see and hear a couple thousand soldiers eat. It's the eighth wonder of the world. At breakfast I ate between two knife-jugglers whom I expected to cut their throats or mine at every mouth-full, but luckily everyone escaped. We have plenty to eat, altho it is of course very plain. The examination is very rigid and takes one's breath at first, but by the time we had passed by at least forty examiners, who were thoroughly on the job we have become used to it.

We go to bed before nine o'clock and are up a little after five. We are out in the air all the time and surely ought to be in good physical shape when we come home.

**College Drill Helped**  
The few days training which we had under Major Vickery has certainly stood us in good stead. It has saved us many a "bawling-out" and we haven't felt nearly so foolish as a lot of fellows who come with no training whatever. We certainly would advise any Jacksonville fellows who are thinking of enlisting to go out to the college and drill for a day or so at least, because they won't feel nearly so much like "home-heads" then when they get out on the parade ground here before three or four thousand people.

Well I find that I haven't given you any very detailed account, but if I attempted to do so, this letter would easily grow into several pages and I can't write more now, because it is time to go to the mess-hall for "chow" and if I don't go down with the rest of my company I will get nothing to eat until breakfast. So here's regards to you and anyone you see who knows us.

### LEADING SUFFRAGISTS TO CONFER IN OHIO

Mississippi Valley Suffrage Meeting at Columbus, O., Almost Equal in Importance to National Convention—Tentative Program for Three Days' Session.

Columbus, O., May 12.—The Mississippi Valley Suffrage conference to be held in Columbus, O., for three days is regarded by suffrage leaders as the most important interstate suffrage meeting of the spring, being almost equal in importance to a national convention. It will bring together leading suffragists of this country headed by Mrs. Carrie Chapman Catt, the International and National president of the Woman's Suffrage Association.

The general topic will be: "Victory, Why, When, and Where." At least six states will have suffrage victories to report at this conference. Besides Mrs. Catt, the prominent speakers include Mrs. Catherine Waugh McCulloch, Evanston, Ill.; Mrs. Maude Wood Park, chairman of the national congressional committee, Washington; Governor James M. Cox, of Ohio, and possibly Congressman Jeanette Rankin.

The tentative program for the conference is as follows:  
May 12.

2 p. m. Mrs. Andreas Weland, 403 Essex building, Minneapolis, presiding.

Greetings from Mrs. Dora Sandoe Bachman and J. Y. Bassell, Columbus.

Address, "Wanted", Mrs. Ella A. Yost, Morgantown, W. Va., president, West Virginia Woman's Suffrage Association.

Suffrage campaign methods will be discussed by Mrs. Mary O. Cowper, Lawrence, Kansas; Mrs. Summer McKnight, Minneapolis; Mrs. Charles Savage, Cleveland; Miss Harriet Bain, Wisconsin; Mrs. Ella S. Stewart, Chicago; Mrs. Grace Julian Clark, Indianapolis; Miss Laura Clay Lexington, Ky.; Mrs. Julian Clark, Selma, Ala.; and Mrs. Malcolm Mc Bride, Cleveland.

Mrs. Arthur Livermore, chairman of the national suffrage literature committee and Miss Esther Ogden, manager of the national suffrage publishing Co., 171 Madison avenue, New York; Miss Alice Stone Black-

well, editor of the Woman's Journal, Dorchester, Mass., and Mrs. Henry P. Boynton, Cleveland will discuss the subject of literature and press at the opening session.

6:30 dinner at hotel Deshler, Mrs. Harriet Taylor Upton, president Ohio Woman's Suffrage association, presiding. Five minute speeches by Judge William Littleford, and Judge Frank M. Gorman, Cincinnati; E. W. Doty, Columbus; Miss Gracia Shipman Erickson, Evanston, Ill.; Mrs. J. H. Francis, Columbus; Mrs. Myron B. Vorce, Detroit; and Miss Florence Allen, Cleveland and others. There will be an informal reception from 9 to 10 p. m. following the dinner.

Sunday, May 13, 3 p. m.  
Mothers day session at Memorial Hall, Judge William Littleford, Cincinnati, presiding. Address, "Ohio" by Governor James M. Cox, and an address "In Five Short Years" by Mrs. Carrie Chapman Catt.

Monday, May 14.  
10 a. m. Miss Elizabeth J. Hauser, Warren, O., presiding.

"Legislative campaigns in 1917: Oklahoma, Mrs. Adelia G. Stephens, Oklahoma City; Nebraska, Mrs. W. E. Barkley, Lincoln, Neb.; Minnesota, Mrs. Andreas Ueland, Minneapolis; Illinois, Mrs. Catherine Waugh McCulloch, Evanston, Ill.; Iowa, Miss Anna B. Lawther, Dubuque; Michigan, Mrs. Orton H. Clark, and Mrs. Frederick B. Perkins, Kentucky; Mrs. Thomas Jefferson Smith, Richmond; Mississippi, Miss Pauline V. Orr, Columbus; Missouri, Mrs. John R. Leighty, Kansas City; Alabama, Mrs. Julian Clark, Selma; Wisconsin, Mrs. Henry W. Youmans, Waukesha. Victories in the east will be discussed by Miss Alice Stone Blackwell. A question box on legislative work will be conducted by Mrs. Catt.

2 p. m. Victories in 1917 will be discussed by the following: Arkansas, (The Primary law), Mrs. O. E. Ellington, Little Rock; North Dakota, (Half a Loaf law), Mrs. Robert Clendenning, Winbleton; Indiana, (The Nine Tenths law), Dr. Amelia Keler, Indianapolis and Mrs. Anna Dunn Noland, Logansport; Tennessee, (Suffrage on "Lookout mountain"), Miss Margaret Hamilton Ervin, Lookout Mountain, Ohio; (Presidential Suffrage), Miss Zara duPont and Miss Grace Drake, Cleveland and Mrs. J. S. Brandenburg, Oxford; "The Supreme Court Decision" Mrs. Roger G. Perkins; Mrs. Scott Nearing, Cleveland.

Mrs. Catt and Mrs. Park will discuss the subject "Is National Woman's Suffrage Possible?"  
At the closing session at 8 p. m. Mrs. McCulloch will speak on "Door and Windows" and another speaker to be announced will discuss "The Real Enemy".

### HAVE SETTLED DIFFERENCES

The controversy which has existed between the Union moving picture operators and the proprietors of moving picture theaters in Jacksonville for several weeks has been settled in a manner satisfactory to both parties. The differences were adjusted Saturday evening and union operators are again employed in the local theaters.

### WOMAN'S COLLEGE NOTES

One week from Monday, May 21st is the annual College Breakfast of the Young Woman's Christian Association, and on Monday, May 24th, occurs the concert by the Madrigal Club.

The College is crowded with parents and friends of the students. We hardly know where to put them, but we are glad to see them and especially glad to see the increasing interest in college events by people outside of Jacksonville. We hope to see a corresponding outpouring of our friends in the city on Monday afternoon.

The new gymnasium opening on Tuesday evening at 8 o'clock is the culmination of years of dreaming and longing on the part of the College, but it is a beautiful building and well worth all the years of waiting. The Dramatic Club will present three Irish plays. After the plays the entire building will be open for inspection by friends. The swimming pool is probably one of the most beautiful rooms in Jacksonville. Seats are going very rapidly. They should be reserved at the College office Monday.

Chief interest at the Woman's College centers in the May Festival Monday afternoon at four o'clock. This is a very beautiful pageant representing a fete of the seasons and will be greatly enjoyed by all friends. It should be seen by every lover of the beautiful in Jacksonville. Admission 25 cents, including program. It is greatly hoped that Monday will be a bright day.

### ON ACCOUNT OF THE CONTINUED COLD WEATHER WE WILL OFFER SPECIAL INDUCEMENTS IN SUMMER DRESSES AT HERMAN'S.

### ILLINOIS COLLEGE NOTES

The last devotional meeting of the year will be held at Academy hall on Sunday evening at 6:30. The meeting will be led by the Reverend R. B. Wilson of the State St. Presbyterian church, and all students and friends of the college are cordially invited to be present.

Miss Mabel Hess '15 and Miss Ione Linder, '16 attended the interscholastic meet on Friday.

More than 35 young men of the College and Whipple Academy have already left the institution for either military service or farm work. It seems probable that several more students will go during the coming week. Among those who have entered the military service are the following: William Kitner in the Engineering Corps; Robert Foster, Fred Bray and Floyd Lashmet in the Hospital Corps; Russell Pinkerton in the Regimental Band and Harry Pierce and Arland Folsom in the Aviation Corps. In addition to these several students have made application to Fort Sheridan Training Camp and are now awaiting the results. Among others, Coach Harmon has also applied for admission to the Camp. Coach Harmon was given the rank of "A."

President Rammelkamp went to Springfield on Thursday to attend the meeting of the Directors of the Illinois State Historical Association.

Mrs. Wells of Girard visited her son Estil Wells '19 on Friday and attended the interscholastic meet.

### C. B. & Q. ENGINEER HAS EYE INJURED IN EXPLOSION

As the result of a painful accident which occurred Thursday afternoon William H. Stunkle of Beardstown is a patient at Passavant hospital in this city, and will lose the sight of his left eye. The injury was caused from the blowing out of a water glass on an engine near Virden. Stunkle, who is an engineer, was looking into the glass to ascertain the amount of water he had in the boiler, when the glass exploded. A number of the fragments were imbedded in the eyeball and in the flesh around the eye, and it is probable that the eyeball will have to be removed from its socket. Dr. C. E. Black, surgeon for the C. B. & Q., is in charge of the case.

Miss Mamie Elliott of Virginia was a caller in the city yesterday.

**NO APPETITE-LITTLE SLEEP**

Symptoms of a Run-Down Condition.  
We Have a Remedy

We ask every weak, run-down per-  
son in Jacksonville to try our Vinol  
with the understanding that their  
money will be returned if it does not  
re-establish their health. Letters  
like the following give us confi-  
dence:

"I am in the millinery business  
and on my feet most of the time. I  
got so weak and run-down that I  
lost my appetite and was unable to  
sleep, had a severe chronic cold and  
lost my color. I learned about Vinol  
through a friend, and within three  
weeks after taking it I noticed an im-  
provement, and soon gained in  
weight, health and strength. I am  
recommending Vinol to my friends  
and they also speak highly of it."  
Catherine Hoar, West Chester, N. Y.

In hundreds of cases where old-  
fashioned cod liver oil, emulsions,  
and other tonics have failed to re-  
store strength and health, Vinol has  
succeeded, because while it contains  
beef and cod liver peptone, iron and  
manganese peptonates and glycerol-  
phosphates, its good work is not re-  
tarded by useless grease and oil.

Deputy game warden J. G. Dowell  
of Franklin, was in the city yester-  
day and said that many complaints  
had come to him of reckless boys  
carrying air guns and shooting in-  
nocent birds and added that if any  
were reported to him he would pro-  
secute them to the full extent of the  
law. It does seem too bad that with  
all the education on the subject that  
there should be boys so cruel as to  
deprive the songsters of life espe-  
cially when the birds are so useful  
and attractive. It would be well if  
there could be a few examples of  
punishment for such a misdemeanor  
and Mr. Dowell will be very thank-

of any law breakers.

**VERDICT OF NOT GUILTY  
FOUND IN BIGAMY CASE**

Mrs. Berthelson and C. E. Clampt  
Freed by Court Instruction at Ma-  
son City, Iowa—Conspiracy  
Charge to be Dropped

Sheriff Grant Graff has returned  
from Mason City, Iowa, where he  
went as a witness in the Clampt-  
Berthelson bigamy case. The trial  
was in progress for several days and  
attracted such interest that the court  
room was thronged. Friday Judge  
Edwards took the case from the jury  
and Charles E. Clampt and Mrs. Ed-  
ith Harkey-Clampt-Berthelson were  
freed from the bigamy charge.

The evidence in accordance with  
Iowa law is that the woman is now  
the wife of Berthelson and the al-  
leged marriage to Clampt is null  
and void. The jury therefore, "act-  
ing upon the court's instructions,  
brought in a verdict of not guilty  
and the defendants were thus freed  
of the bigamy charge. There is still  
standing against them the conspir-  
acy charge, but it is Sheriff Graff's  
opinion, based upon reliable infor-

mation, that this case will not come  
to trial. The very complicated legal  
proceedings therefore seem to be  
about at an end.

TRADE MARK REG.  
The more serious the purchase of  
a car is to your family, the more  
seriously you should consider  
Overland.  
Consider what a guarantee it is to  
own a car backed by a company  
with \$68,000,000 assets; with an  
army of workmen that would  
populate a good sized city; with  
acres and acres of modern fac-  
tories, and more than 4,000  
dealers and branches.  
The magnitude of The Willys-Over-  
land Company is due to its man-  
agement: due to the practical  
policy of utilizing prodigious  
production as a means to higher  
quality and lower prices.  
The Willys-Overland Company  
guards its obligation to the own-  
ers of its cars as seriously as a  
conservative bank protects the  
interest of its depositors, large  
and small.  
The Willys-Overland is predicated  
upon the need for cars of  
beauty, comfort and conveni-  
ence in addition to long-lived  
utility.  
The average family can participate  
in the luxuries of motoring be-  
cause hundreds of thousands of  
other owners enable The Willys-  
Overland Company to distribute  
and bring down costs.  
Such a car as the Overland Big  
Four would never have been  
possible at such a price as \$895  
had it not been for over 300,000  
similar Overlands which have  
already gone into service.  
Come in and see the Overland  
Big Four and the most compre-  
hensive line of motor cars ever  
built by any one producer.

A lot of citizens will want to help  
the government by drinking more

new tax schedule.

Senator Lewis in a speech in  
Washington last week called atten-  
tion to the big patriotic demonstra-  
tion in New York City. It would  
seem, judging from the enlistments  
in New York and the east, that New  
York City needs to do something  
aside from making demonstrations.

Prayer is mighty efficient at any  
time but it looks like it is going to  
be some fighting to win the great-  
est war.

## PROPHETIC WORDS.

Winston Churchill author of Rich-  
ard Carvel and The Crisis, in the  
closing paragraph of Richard Carvel  
written in 1899 put these prophetic  
words into the mouth of his hero.  
"Ere I had regained my health,  
he pray for Independence was won.  
I pray God that time may soften the  
ardor which it caused, and head the  
breach in that noble race whose  
motto is Freedom—that the Stars  
and Stripes and the Union Jack  
may one day float together to cleanse  
this world of tyranny."

## MOONING.

Once when the new moon glistened  
So slender in the west,  
I looked across my shoulder,  
And a wild wish stirred my breast.  
—Rose Terry Cooke.

Once, when the full moon glistened,  
As full moons often do,  
I leaned against a lamp post,  
And could swear that I saw two.  
—Springfield Union.

Once when the new moon glistened  
And sent its rays afar,  
You leaned against my bosom  
And broke my last dear.  
—Detroit Free Press.

Once when the new moon glistened,  
So auto-headlight like,  
I hooked for it to dodge, I thought  
It was a motor-bike.  
—Houston Post.

Once when the new moon glistened,  
With me it made a hit,  
I wondered if Dutch Cleanser,  
Had put a shine on it.  
—Peoria Journal.

Once when the new moon glistened,  
I thought luck it did presage  
It was over my right shoulder  
Then I lost my weekly wage.

Ty Cobb is ambitious to become  
the champion checker player of the  
major leagues. A great many people  
believe Ty will have all he can at-  
tend to this year to finish ahead of  
Speaker and Sisler in the batting  
averages without having checker  
playing on his mind.

A Texas League umpire has quit  
his job to join the United States  
aviation corps. Evidently he believes  
that a safer job than umpiring.

It has been so long since we heard  
of a pacifist that we are almost in-  
clined to the belief that "there ain't  
no such thing."

## WHERE IS CINCINNATI?

The sport writer of the Bloom-  
ington Bulletin says, "Gossip has it  
that John McGraw still has a string  
to Jim Thorpe. This means that if  
the Indian makes good in Cincinnati  
he will return to the big show next  
season for another trial with the  
Giants." And we have been labor-  
ing under the delusion all these years.

## A GRADUATE NURSE

Why She Recommends Lydia  
E. Pinkham's Vegetable  
Compound.

Chicago, Ill.—"I was in poor health  
for two years, caused by displacement,  
and during six  
months of this time  
was under a doc-  
tor's care without  
getting any help.  
I decided to try  
Lydia E. Pinkham's  
Vegetable Com-  
pound and it made  
me feel like a new  
woman. I am en-  
tirely relieved of  
the displacement  
and periodic pains,  
and am now the mother of a beautiful  
healthy baby. I am a graduate nurse  
and will be glad to recommend Lydia  
E. Pinkham's Vegetable Compound to  
other women." —Mrs. R. W. SLOAN,  
6026 So. Park Avenue, Chicago, Ill.

There are many women who suffer  
from Mrs. Sloan did and who are being  
benefited by this great medicine every  
day. It has helped thousands of women  
who have been troubled with displace-  
ments, inflammation, ulceration, irreg-  
ularities, periodic pain, backache, that  
bearing down feeling, indigestion, and  
nervous prostration.  
If you need special advice write

dential) Lynn, Mass.

that Cincinnati was in the National  
League.

The men who framed the amend-  
ment to the hunting law to protect  
rabbits certainly should be awarded  
medals. Throughout the entire city  
citizens who have taken the advice  
of the government and put in gar-  
dens are having their lettuce, peas  
and other things destroyed by rab-  
bits. If one should kill a rabbit  
one would be subject to a fine for  
violating the game laws. No one  
has ever been able to find out what  
benefit a rabbit is to the farmer or  
anyone else except to eat. It seems  
a shame that they have so over run  
the city as to be a menace to gar-  
dens.

## COMMENCEMENT WEEK EVENTS IN WHITE HALL

Baccalaureate Address, Tonight at  
Presbyterian Church—New Corps  
of Teachers—Harry Griswold and  
Sister Return from South Amer-  
ican Trip—Other Greene County  
News Notes

White Hall, Ill., May 12—Harry  
Griswold and his sister Miss Jessie  
Griswold arrived home Thursday  
after a four months sojourn to South  
America. They report a splendid  
trip, but are glad to get back to Il-  
linois.

The pupils of the eighth grade  
and their teacher, Miss Hoffman, held  
a six o'clock dinner on the lawn at  
Mrs. Emma Chapman's on Wednes-  
day afternoon.

Mrs. M. E. Braine, of Minneapolis  
is the guest of Mrs. Crouse. Mrs.  
Braine is president of a gold mining  
company in the Black Hills, and is  
on her way to Kansas City to at-  
tend a meeting of the directors of  
this concern. She is also interested  
in oil fields in Oklahoma, aside from  
being director of a real estate cor-  
poration in Minneapolis. Mrs.  
Braine is a business woman, and as  
a financier has had a large measure  
of success.

Rev. J. O. Raines will leave next  
week to attend the sessions of the  
Southern Baptist convention as a  
delegate from Illinois.

## Commencement Week

The events of commencement  
week will begin tomorrow night  
with the baccalaureate address by  
Rev. Hugh R. Davidson in the Pres-  
byterian church. The Senior Class  
Day will be observed Tuesday with  
impersonation of the high school  
faculty, advice, history, prophecy,  
statistics and music. Wednesday  
the Alumni banquet will be held in  
the M. E. church at 6:30, followed  
by the annual minstrel in the Prin-  
cess theatre at 7:30.

The graduates are: Frederic  
Stockel, Troy Vermillion, Rena  
Rigg, Maud Carter, Bernice Stewart,  
Swart Vandave, Ruth Carter,  
Lloyd Cochran, Lloyd Bowen, Mary  
Callahan, Clifford Seely, Harry Ev-  
ans, Burrell Johnson, Della Hudson,  
Margaret Tankersley, Frances  
Green, Clarence Stone.

The new corps of teachers is as  
follows:

Superintendent—R. G. Smith,  
Principal—C. A. Whiteide,  
English—Helen McGhee,  
Language—Hazel Hall,  
Domestic Science—Margaret Heff-  
ron.

Eighth Grade—Helen Beatty,  
Seventh Grade—Annanda Eberlein,  
Sixth Grade—Nellie Wemken,  
Fifth Grade—Lena Gipler.

Fifth Grade—Pearl Mitchell,

Third Grade—Lella Linder,  
Second Grade—Mabel Chism,  
Second Grade—Gladys Lorton,  
First Grade—Nellie Steelman,  
First Grade—Rita Perry.

It will be noticed that the only  
change in the grades from the pre-  
sent corps of teachers is that of Miss  
Linder, who has been teaching at  
Hillview the past two years very suc-  
cessfully, who takes the Third grade  
Miss Perry being transferred to the  
First.

The positions of Science and Man-  
ual Training in the high school will  
be filled at a later date.

## HIGH SCHOOL PARENT TEACHERS ASSOCIATION.

The next meeting of the High  
School Parent-Teachers association  
will be held Tuesday night at the  
high school building. The committee  
has been fortunate in securing as a  
speaker for that occasion First Lieut.  
J. L. Frink, who is in charge of mil-  
itary training in the public schools  
in Chicago. Lieut. Frink began this  
work after it had been established  
by Capt. Steever, who has made the  
Wyoming idea of military training  
popular in a number of states. This  
lecture will be illustrated with mov-  
ing pictures and the stereopticon.

## Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they  
cannot reach the seat of the disease.  
Catarrh is a local disease, greatly in-  
fluenced by constitutional conditions, and  
in order to cure it you must take an  
internal remedy. Hall's Catarrh Medi-  
cine is taken internally and acts thru  
the blood on the mucous surfaces of the  
urinary tract. Hall's Catarrh Medicine was  
discovered by one of the best physicians  
in this country for years. It is com-  
posed of some of the best tonic known  
combined with equal quantities of blood  
purifiers. The perfect combination of  
the ingredients in Hall's Catarrh Medi-  
cine, when given as a whole, results in  
cure in established conditions. Send for

## J. W. LEGGETT

307 S. Main street, or 308 S. Main street.

Only the tortures of the medieval rack are comparable to the agonies which many women suffer through the peculiar weaknesses and diseases of their delicate, feminine structure. They have found in Dr. Pierce's Favorite Prescription the one unfailing remedy which heals feminine weaknesses at their very source. This marvelous "Prescription" restores absolute health to the internal organism; stops ulcerated conditions, gives elastic strength to the supporting ligaments, vitality to the nerve centers, and complete womanly vigor to the entire constitution.

It is the perfect forerunner and regulator at every critical period from the time when they merge into womanhood until the "change of life." It is the one medicine which makes motherhood safe and almost free from pain.

## A NERVOUS WRECK.

Murphyboro, Ill.—"When I began taking Dr. Pierce's medicines I was just a nervous wreck, I could hardly be on my feet. While not able to work, I tried to keep up. I was recommended to use 'Favorite Prescription' and I took three bottles. I began to get better and when the treatment was finished I was much stronger and better able to work. The remedies were fine; easy to take and fully satisfactory."—Mrs. Wm. Blackwelder, 435 North 14th St., Murphyboro, Ill.

Dr. Pierce's Pleasant Pellets, the best laxative and liver regulator cure constipation, biliousness and headache.

## MOTHER'S DAY.

We must once more and pay a fitting tribute to our mother. Too often men forget that they owe their very existence to mother. Too often we forget the mother's love, and the mother's sacrifices. Men are born to be thoughtless and careless, as well as honorable and upright. Too many men forget to be kind and obliging to mother, as well as to their fellow men. Too often we forget to be as deferential to our mother as we are to the veriest stranger. We must be brought face to face with personal indignity and unmerited criticism, to realize the slights and hurts that sometimes falls to the lot of mother. Our fellow men revile us any cast upon us unjust shame and disgrace. But the mother will never be ready to shield and defend. The good old golden rule should be kept ringing in our ears day by day, and the words should shine before our eyes in letters of gold. We who have lost our mothers can well afford to drop this little spray of evergreen upon our mother's grave today.—S. M. Henderson.

## INDUSTRIALS REBOUND IN LATER DEALINGS

Brother of Jacksonville Woman, Discusses National Prohibition From the Standpoint of Expert Grain Analyst

Charles H. Briggs of Minneapolis is authority for the statement that only 10 per cent of the alcohol-containing materials manufactured have an industrial use. Mr. Briggs, who is a brother of Mrs. Thomas V. Hopper of this city, is a California man who a number of years ago went to Minnesota and has built up a reputation as a food chemist and cereal analyst national in extent. Mr. Briggs was formerly associated with the Pillsbury interests but now is in a firm of chemists of his own.

Would Commander Liquor? In a letter to Congressman Landon of the national house Mr. Briggs summarizes the arguments for nation al prohibition from the scientific view point. He suggests that the government commander all existing liquor stocks and distill out the alcohol for use in making ammunition and for other industrial purposes.

First—Conservation of food supplies. I have no data later than 1915, but I find that according to the report of the commission of internal revenue for the fiscal year ended June 30, 1914, 29,679,545 bushels of grain (principally corn and rye) and 61,721,265 gallons of molasses were used in the manufacture of distilled liquors, and, since it requires one and one-sixth bushels of barley to produce a barrel of beer, the equivalent of at least \$1,000,000 bushels of barley were used in the same year for the manufacture of fermented liquors. The amount of fruits and other materials used in the manufacture of wines, fruit brandies, etc., is also small item.

By the maling and fermentation processes, the proteins and particularly the starches are more or less destroyed, approximately half the starch being converted into carbon dioxide, an utter loss, and as far as food value is concerned, the alcohol itself is not a food in any real sense of the word. I do not know what proportion of the by-products of beer and whiskey manufacture are available for animal feeding, but if one-third the original amount of grain used were available, it would furnish no reason for destruction of the major portion thru malting and fermentation. These materials used in the manufacture of liquors are fully utilizable and valuable for animal feeding, and possess considerable value for human nutrition either alone or in combination with wheat flour in the manufacture of bread and other foods.

Conservation of Life Second—Conservation of life and health. I will not attempt to estimate the annual loss of life directly and indirectly due to alcohol. The number of deaths annually reported as due to alcohol represents only a small proportion of those directly due to this cause and a very much smaller proportion of those indirectly due to the destructive effect of alcohol on the human body. Besides the effect on the death rate, there must be included an enormous amount of illness for which alcohol is in a greater or less degree responsible and a proportion of industrial and home accidents. Third—The conservation of labor and human efficiency. Since a single glass of beer makes a man 7 per cent less efficient, the employee and the employer will both be benefited by the removal of this destructive drag on the quality and quantity of human labor output.

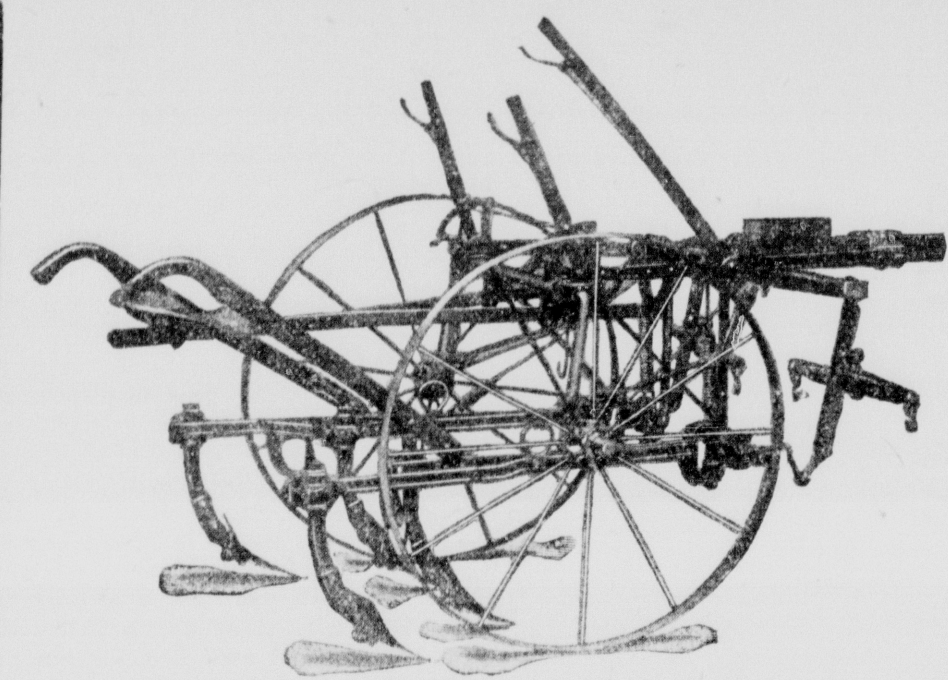

Again, the removal of the opportunity to waste time and strength in boozing will set free a great number of men for useful services in industry, farming and military service, together with the employees of the brewery and distilling industries whose energies can be devoted to more useful and patriotic purposes.

A Great Money Saver Fourth—The conservation of money. The large proportion of the annual drink bill of from one and one-half to six billion dollars will be saved to the country. The turning of this enormous sum into the hands of the merchants, savings banks, etc., will be not the least of the advantages that would come from complete and immediate prohibition of the alcoholic traffic.

Excessive reason leads to the necessity of complete prohibition of this annual waste of 110,000,000 bushels of grain. We must not close our eyes to the fact that we face a serious food deficit. Let the government commander all present stocks of alcoholic liquors on hand and distill out the pure alcohol for industrial purposes and munition making to supply present needs, thus stopping at once the demand for grain for both beverage making and industrial alcohol requirements. When the new crop comes it will be time to consider what proportion of it will be required for the manufacture of industrial alcohol. But as only about 10 per cent of alcohol-containing materials now made are used for industrial purposes, the present stocks will be ample for some time to come. The temporary disadvantages of prohibition are so relatively small that they must yield to the greater good of the country. Respectfully yours, Charles H. Briggs.

## MANCHESTER PUPILS GIVE FLAG DRILL

Exercises by School Pupils Proved Very Interesting—Other News Notes.

Manchester, Ill., May 11.—Pupils of the Manchester school gave their flag day exercises Thursday afternoon. The program was given in the school yard and proved to be quite interesting. Two attractive features were a flag drill by the girls and dumb-bell drill by the boys. The flag was presented by president of the school board, F. C. Lakin. A large crowd witnessed the exercises and were pleased in the way the program was rendered.

Doctors Stand Amazed at Power of Bon-Opto to Make Weak Eyes Strong—According to Dr. Lewis

Guaranteed to Strengthen Eyesight 50% In One Week's Time in Many Instances

## A Free Prescription You Can Have Filled and Use at Home

Philadelphia, Pa. Victims of eye strain and other eye weaknesses, and those who wear glasses, will be glad to know that according to Dr. Lewis there is real hope and help for them. Many whose eyes were failing say they have had their eyes restored by this remarkable prescription and many who once wore glasses say they have thrown them away. One man says, after using it: "I was almost blind. Could not see to read at all. Now I can read everything without my glasses and my eyes do not hurt any more. At night they would pain dreadfully. Now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for 15 days everything seems clear. I can read even fine print without glasses." Another who used it says: "I was bothered with eye strain caused by overworked, tired eyes which induced here headaches. I have worn glasses for several years both for distance and work, and without them I could not read my own name on an envelope or the type writing on the machine before me. I can do both now and have discarded my long distance glasses altogether. I can count the fluttering leaves on the trees across the street now, which for several years have looked like a dim green blur to me. I cannot express my joy at what it has done for me."

It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by the use of this prescription. Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and let it dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation and redness will quickly disappear. If your eyes bother you even a little it is your duty to take steps to save them now before it is too late. Many hopelessly blind might have saved their sight if they had cared for their eyes in time.

Note. Another prominent Physician to whom the above article was submitted, said: "Yes, the Bon-Opto prescription is truly a wonderful eye remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. I have used it very successfully in my own practice on patients whose eyes were strained through overwork or night glasses. I can highly recommend it in case of weak, watery, aching, smarting, itching, burning eyes, red lids, blurred vision or for eyes inflamed from exposure to smoke, sun, dust or wind. It is one of the very few preparations I feel should be kept on hand for regular use in almost every family." Bon-Opto, referred to above, is not a patent medicine or a secret remedy. It is an official preparation, the formula being printed on the package. The manufacturers guarantee it to strengthen eyesight 50 per cent in one week's time in many and refund the money. It can be obtained from any good druggist and is sold in this city by

Leo P. Allcott and other druggists.

The Encyclopaedia Britannica Department

Our Plan of—

# "You use the books while you are paying for them"

special Encyclopaedia Britannica department

We have sold over 100,000 sets of the "Handy Volume" Issue, almost 90% of which has been purchased on our "use them while you pay for them" plan—\$1.00 with order and balance in conveniently small monthly payments for a limited number of months.

William Allen White, the noted journalist, in a recent letter about the Encyclopaedia Britannica said, "I like your plan because it makes the buyer use his books as he pays for them. For, when a man has a monthly payment, he has a constant reminder to get his money's worth—and what is good also, it puts the Britannica within easy reach of all."

This method is so popular—this demand for the Britannica is so great that we had to develop and organize the special Britannica department pictured above to take care of the thousands upon thousands of orders and the great work of taking care of each customer's account.

With all this interest in this most wonderful book of practical help in everyday affairs—do you wonder that we should say, "We know we could sell many thousands more sets of this 'Handy Volume' Britannica, printed on genuine India paper, if we could get them."

We cannot get any more because no more India paper can be manufactured. The war has made it impossible to get any more flax from Belgium, Germany or Ireland and the hemp from Russia, two essential raw materials.

At the close of Saturday, May 26th,—thirteen days from today—(possibly a day or two before that) there will not be an unsold set of the "Handy Volume" Issue of the Encyclopaedia Britannica, printed on genuine India paper, in the entire world.

**NOW or NEVER** you must decide whether or not you need, as a practical everyday help to you in your business and in your home, this most authoritative, most reliable, all-inclusive reference library of essential facts.

**NOW or NEVER** you must go to the store named below and see the entire set, see if it will be useful to you and decide.

Sets can be seen and orders left at:

**LANE'S BOOK STORE,**  
West State Street

## Now or Never!

## A WONDERFUL NEW VOLUME

THE publishers of the Encyclopaedia Britannica announce that they have made arrangements for the issue, as soon after the end of the war as possible, of a new volume, containing a full and authoritative history of the war.

The new volume will be written by scholars and experts of the same high character as those who wrote for the Britannica itself, and by many of its own contributors. It will be absolutely impartial, excluding all partisan feeling and prejudice. It will contain:

1. A judicial account of the real causes of the war, the progress of the struggle, and the results all over the world, with maps, as necessary, to show changes in boundaries.
2. The lives of the new leaders, whether civil, military or naval, in the belligerent countries.
3. The results of the war outside the sphere of fighting, the progress of surgery, the prevention of contagious diseases, the new scientific discoveries, etc.

The new volume will bridge the gap between the days of peace before and after the war. It will be printed and bound to match the Britannica and the publishers guarantee that no matter how difficult and costly the supplementary volume may be from the editorial point of view, the price of it to all who purchase the Britannica during the present sale will not be more than that of a corresponding volume of the Britannica.

H. E. HOOPER, President

This means just one thing—the sale of the "Handy Volume" Issue of the Britannica, printed on India paper, cannot possibly last longer than Saturday, May 26th. There are only thirteen days (possibly only nine or ten) left in which you can order with any certainty of being in time to get one of the few remaining sets.

As Saturday, May 26th, comes nearer, we are going to be stampeded with orders. Our descriptive matter is now in the hands of hundreds of thousands of people who are thinking of buying the Britannica. **We have not enough sets now in stock to supply all who will order in the next two weeks.**

Now you know why we say that thousands of people are going to be disappointed when the last set is sold—and be sorry they didn't decide to order before it was too late.

**NOW or NEVER** you must order your set, for you will never have another chance to own the Britannica in this its most useful, usable form. Time is flying! Now means NOW! Never means NEVER!

If you are unable to go to this store, but know that you need the Britannica—that it will be useful and a help to you—sign the coupon and mail it NOW. After Saturday, May 26th, money cannot possibly buy another set.

Those who cannot go to this store may use this "Reserve" Order Form, which will be legally binding upon us to reserve one set for you, just the same as if you ordered it in person.

SEARS, ROEBUCK AND CO., Chicago, Illinois

Please reserve me a set of the "Handy Volume" Encyclopaedia Britannica, printed on genuine India paper. I enclose \$1.00 as first payment. Send me an order form which I agree to sign and return immediately.

## FARM PROPERTY

I sold that choice eighty and you are out again.  
Listed today—120 acres 5 miles from a shipping point on the C. and A., convenient to school and church. Timber soil, eighty acres of level farming land, balance in blue grass with some timber. There are twenty acres of wheat, 5 acres of oats, both sowed to grass, 35 acres for corn, 10 acres of which is clover sod.

There is a six room house, a small new barn, with other buildings. There is a very noted spring of ever lasting water in the pasture. For a special reason this farm can be bought just as it is with immediate possession for \$90 an acre. If you want a home at once see me today.

## CITY PROPERTY

(a) A new six room house, entirely modern, concrete basement, with laundry 14x32 feet, 275 barrel cistern, chicken house, garden and fruit. One of the most complete and prettiest homes of the city. We are going to sell this one like we did the seven room bungalow last week—just going to sell it. If you have any symptoms let us show you right quick.

(b) Another six room cottage with pantry, good barn, chicken house and lots of fruit. This is another hurry-up, real bargain, quick possession sale. If it sounds good say so. You can't get these bargains unless you do it quick.

(c) Don't overlook this one. We are dead anxious to sell an eight room house, four blocks from the square in the third ward, paved street, east front, location ideal. A real \$5000 property to be had for \$4000. Easy terms. Let us prove it.

(d) I have two other six room cottages, modern, in third ward, paved street, one on the car line and very desirable homes for \$2250 each. We are making a desperate effort to list properties most in demand and these are they.

## MADE-IN-JAPAN BANQUET.

Columbia, Mo., May 12.—The dis-  
tinctive feature of the eighth annual  
journalism week at the University of  
Missouri, beginning Monday, will be  
the made-in-Japan banquet on the  
closing night. The dinner has been  
planned by the School of Journalism  
at the university with a view of pro-  
moting better relations between Ja-  
pan and the United States and to dis-  
play to the editors gathered here for  
the week something of the character  
of the Japanese empire and the na-  
ture of its industrial products. All  
the food to be served at the dinner  
and all the decorations have been  
brought from Japan. In addition each  
of the 500 guests expected will re-  
ceive a basket of souvenirs consisting  
of silks, porcelains and other arti-  
cles made in the Orient.

## NEW YORK GETS BRITISH OAK.

New York, May 12.—An oak tree  
given by the town of Stratford-on-  
Avon to New York city was planted  
in Central Park this afternoon under  
the auspices of the Central Park  
Shakespeare garden committee. The  
tree, which is nine feet high, was re-  
ceived by Ambassador Page from the  
mayor of Stratford. The planting  
was accompanied by interesting ex-  
ercises, the program including ad-  
dresses by several prominent speak-  
ers on the relations between England  
and the United States.

TO GUARD ALLEGED SLAYER  
Kansas City, Kas., May 12.—Spe-  
cial guards will be stationed in the  
court room when Fred Bissett, charged  
with the murder of Edna Dins-  
more, a young girl of Topeka, is  
brought into court here for trial Mon-  
day. The case was brought here on  
change of venue from Topeka, ow-  
ing to the bitter feeling displayed in  
that city against the alleged mur-  
derer. The guards will be used as a  
precaution against mob violence.

## PATRIOTIC LEAGUE

St. Paul, Minn., May 12.—The in-  
itial steps looking to the organiza-  
tion of a commercial travelers' patriotic  
league were taken here today at a  
meeting attended by traveling men  
from many parts of the northwest. It  
is the aim of the promoters to extend  
the organization to all parts of the  
country. The traveling men, it is  
pointed out, will be able to render  
practical service to the country by  
observing conditions in their terri-  
tory and recruiting labor for the  
farms and other industries.

ENGLAND REPORTS  
LATEST VICTORY

Jacksonville Man Describes  
Recent Experience with  
Tanlac

## BENEFITS CAME QUICKLY

Master Medicine Banished Trouble  
of 12 Years' Duration, Retired  
Farmer Avers.

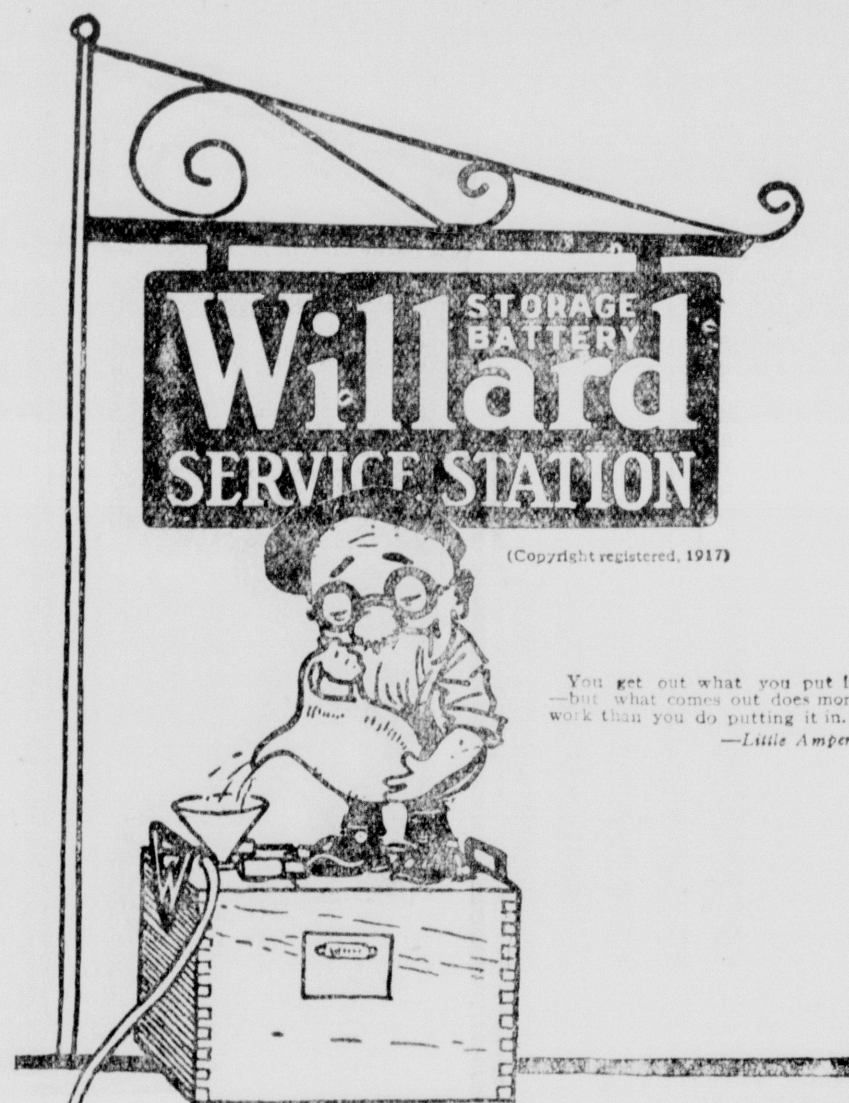

James England, prominent local  
retired farmer of 302 North East  
street, has been a resident of this  
county all of his life and he is  
known to practically everyone. His  
statement regarding Tanlac, the new  
medicine should therefore prove of  
interest to many.

"For the last twelve years I've  
been bothered with a chronic cough,"  
Mr. England said on May 4. "My  
kidneys were out of shape, too. I'd  
cough so severely at night that I  
just couldn't go to sleep and would  
lay awake for hours. My kidneys  
were weak and made it necessary  
for me to be up several times during  
the night.

"Mrs. Marshall, a friend of mine  
had been benefited by Tanlac and  
she finally persuaded me to try the  
new medicine. My cough has im-  
proved greatly now and I've taken  
only half a bottle of Tanlac. My  
kidneys scarcely bother me at all,  
anymore. Half a bottle of Tanlac  
has done me more good than all the  
other medicines I've ever used and  
I feel sure this preparation will com-  
pletely banish my troubles in a short  
time."

Tanlac, the Master Medicine, is es-  
pecially beneficial for stomach, liver  
and kidney trouble, catarrhal  
complaints, nervousness, sleeplessness,  
loss of appetite and the like.

Tanlac is now being introduced in  
Jacksonville at the Coover-Shreve  
Drug Co., East Side store, where a  
special Tanlac representative is ex-  
plaining the new medicine to the  
public daily. Tanlac also may be  
obtained at the West Side store of  
the Coover-Shreve Drug Co. It is  
sold in Waverly at the Wyle Drug  
Co.; in New Berlin at the New Ber-  
lin Drug Co.; in Ashland at H. O.  
Brownback's; in Versailles at A. C.  
Bates' and in Chapin at F. P. McKin-  
ney's.—Adv.

### SWEDISH KING MAY BE DEPRIVED OF THRONE

Situation More Critical Than Press  
Despatches Have Indicated—Tide  
of Democracy Rises Steadily.

Copenhagen, May 12.—Most disquieting is the news brought back from Sweden by members of King Christian's suite who accompanied the Danish ruler on his recent visit to Stockholm to confer with King Gustaf. In private conversation some of these recent visitors to the Swedish capital have painted a most gloomy picture of the present condition of social and political unrest in the northern kingdom. The situation, in their opinion, is much more critical than the press despatches have indicated. So critical has the situation become, in fact, that there is open speculation on the possibility of King Gustaf being deprived of his throne, and this at no very remote date.

The unrest in Sweden is deep-seated and has been gathering force for many years. To begin with, the Swedish people are naturally among the most democratic in the world. That the royal institution has been allowed to exist in the country is due largely to the personal popularity enjoyed by the late King Oscar and the further fact that neither he nor the present occupant of the throne ever made any serious attempt to exercise the royal prerogatives in a manner contrary to the wish of the people.

The tide of democracy has continued its steady rise, however, and now it threatens to engulf the throne itself. The war has imposed many hardships upon the Swedish people and as a consequence the arguments of the Social Democrats in favor of a political overturn have fallen into willing ears. The success of the democratic movement in Russia also has made a profound impression upon the people of Sweden.

Another important factor in the situation is the lack of popularity of the present king, Gustaf, is in favor neither with the classes nor the masses. He is entirely lacking in those qualities which made his father, the late King Oscar, beloved of his people, while the ancient nobility of Sweden has never looked with any degree of deference upon the royal family. The king is only a great grandson of the Gascon Law clerk Bernadotte and Desiree Clary, the daughter of a French wine merchant, and the Baden dynasty, from which Queen Victoria comes, in its present line sprang from the union of the last Zechringer with one of his low-born mistresses. On the other hand, the members of the Swedish nobility—at least the majority of them—can trace their descent back for a dozen generations. They therefore have always refused to take seriously the claims of the present Swedish royal family to regal prerogatives. Nor have they ever forgotten that Marshal Bernadotte, the founder of the dynasty, owed his rise in life to the revolution, that he had taken part in the massacres of the French aristocracy and royal family, and that at his death the words, "Death to the tyrants and to the aristocrats," were found tattooed on his arm.

Gustaf is known as a man of energetic character and a predilection for militarism. It is not considered likely that he would follow the example of the late Czar of Russia in meekly yielding his throne without a struggle. The Swedish ruler believes like Emperor William, with whom he has always been on terms of intimate friendships, that the mailed fist is preferable to the velvet glove in solving difficulties. Some years ago, when he was still crown prince, he availed himself of the opportunity of some public meetings in Stockholm openly to express his opinion that he did not approve of his father's tendency to temporize with opponents instead of attacking and crushing them.

Gustaf is not looked upon as a statesman of very great abilities, nor can he lay claim to intellectual achievements in any way approaching those of his father. Instead of being a theorist and a dreamer, he is substantially a man of action, all the romance he may have inherited having been stamped out of his nature when he was forced as a young man to break off the engagement which he had made to marry the daughter of a Swedish country pastor, with whom he had become infatuated, and to wed, not for love, but merely for state and dynastic reasons, the by no means attractive daughter of the Grand Duke Baden.

The policy he has followed since coming to the throne indicates that Gustaf possesses a strong will and a high sense of justice, but he certainly lacks the peculiar attractiveness which so much distinguished his father and which undoubtedly would stand him in good stead at the present crisis when, according to most reliable information, he is in imminent danger of being forced to join the growing list of kings without thrones.

### YOUNG WOMAN WRITES OF U. OF I. ENTHUSIASM

One Thousand Students Students  
Have Enlisted in Army and Navy  
for War Preparation Work.

Miss Florence Blackburn, who went some time since from Jacksonville to take a position in the registrar's office of the University of Illinois, has written a friends here something about the "war enthusiasm" of the university. A thousand students have left the university to take some part in one department or another of war preparations. Anyone who has noted the enthusiasm and interest at Illinois college can well understand how intense is the excitement in an institution where there are 3,500 young men from whom soldiers may be chosen.

Miss Blackburn's duties in the registrar's office involves the handling of all the "leave of absence" papers for those who leave the university and so she is in close touch with the situation. For the past two weeks she and one assistant have spent their entire time handling such papers. According to Miss Blackburn newspaper reports of the great loyalty shown by university students have not been at all exaggerated. Describing conditions Miss Blackburn says:

**Enthusiasm Displayed**  
"About three weeks ago Pres. James called a convocation of all students and members of the faculty, and to some 5,000 of us, he made the statement that all men who wished to withdraw from school for the purpose of enlisting in the defense of the nation, would be given credit for their work for the remainder of the school year, providing they were in good standing at the time of withdrawal. All women who wished to take up the work in Red Cross classes, would be allowed to drop work, with full credit, in order to make it possible to add the extra five or six hours a week scheduled for such instruction. Extra classes in military training for men were also added, and hours of regular college work shifted to seven in the morning in order to give the necessary time to preparation for war.

"The Red Cross classes were soon filled, in spite of the early hours and the ten-dollar fee, and the number of applicants for the extra military work was so great that Major Mearns found it necessary to close the registration. A great many men have withdrawn to enter the training camps at Fort Sheridan and other points, some have entered coast defense in California, several have left for France to join the Ambulance or Aviation Corps, and a few who are already commissioned officers are giving their full time to assisting in the military instruction on the campus. By far the greater part who have withdrawn, however, have gone to farming, either in Canada or at their own homes, and I should have mentioned the fact that those directly engaged in agricultural work are given the same credit as those entering the service, the idea being that it is as necessary that all land be cultivated this year as that 'the ranks at the front be filled.'

"There is an arrangement with the Dean of Men whereby every man turns in a report in two weeks and another in a month, as to where he is at work and what kind of service he is rendering his country. On these reports depends the credit given the student for his unfinished semester's work in school."

#### LITERBENKY

The Literbenky M. E. society met in regular meeting with Mrs. Johnnie and Mrs. Earl Rexroat on Wednesday afternoon, at "The Old Rexroat Homestead" two miles northwest of Arcadia. A full attendance of officers were present and most of the members. They were glad indeed to meet Mrs. Deatherage, their worthy treasurer, who has been kept away from the meetings for so long; it will be remembered that she had a severe case of pneumonia last winter. Program:

Song, America  
Scripture reading, John 15:1 to 20—Mrs. Flora Nickolas.  
Roll call, reports, business and cards of thanks.

A motion was made that the society make a present of \$10.00 to the Willing Workers to be used in repairing Grace Chapel church, this money to be paid in August if possible. Carried. Mrs. Walter Houston, president of the Willing Workers was present and responded in behalf of her society in a very nice little thank speech. Mothers Day was observed, old patriotic songs were sung and old time readings were called for.

Song, The Vacant Chair.  
Reading, The White Carnation—Mrs. Charles Clark.

Song, Just Before the Battle Moth-

er.

Reading, From School Days to Old Age—Mrs. D. K. McCarty.

Song—Battle Cry of Freedom.

Reading, You Did Not Write To Me—Mrs. A. B. Obermeyer.

Reading, A Little Peace Talk—Miss Ethel Sorrells.

Song, Tramp, Tramp, Tramp, the Boys are Marching.

The members were pleased to meet Miss Blanche Yeck, a nice little girl from Concord, who entertained them during the lunch hour, with her lively and interesting conversation. Others guests were, Mrs. Ellen Neil, Mrs. Lee McGinnis and Mrs. Oral Johnson. First class refreshments were served by the hostesses, assisted by Mrs. Lena Thompson and Mrs. Sarah Rexroat. The time dish was filled after which the meeting adjourned.

This was a very enjoyable meeting. The Rexroat sisters are hospitable and pleasant and everybody had a good time.
